

## Hoppers Are on Increase in This Area

The grasshopper infestation of this area of the Tri-State region has been watched since last fall according to County Agent John Brazzil. He said the entomologists had been keeping a close watch on the hopper situation and this year, according to their prediction, was to be a year loaded with hoppers. The County Agent said the hopper population had been building up for the past three years and that last year was a heavy egg-laying year. This heavy hopper population covers all the Panhandle area and sections of Oklahoma and New Mexico.

Major damage from the hoppers is expected in the grass areas. They have hatched out in pasture land and prefer it to all other vegetation. Brazzil said they would move into gardens and crop areas such as maize and wheat later in the summer, as grasses begin to die.

Entomologists believe the hatching period is about over and the next few days is the ideal time to control the hoppers. They are young and will be easily destroyed. Extensive aerial spraying operations are now in progress on larger ranches in the east part of the county. Spraying is being done with the chemical aldrin at the rate of two to three ounces of the technical material per acre. The addition of one gallon of diesel fuel gives a longer residual effect. Aldrin, when used in this manner, is not hazardous to livestock and they are not removed from the pasture as it is sprayed.

There are other materials on the market that are also effective against grasshoppers but some of these materials cannot be used around livestock because of their high toxic effect.

The infestation rate in many areas runs high. Hoppers at the rate of seven per square yard will eat as much grass as a cow per ten acres. Some infestation in the county are double and even triple this rate at the present time.

All Randall County landowners should pay particular attention in the next few days to their fence rows and grassland and should try to control the hoppers if they are present. The job is easy while the hoppers are small, as they are now, but control becomes almost impossible as they become larger and migrate to fields, gardens and other spots.

The cooperative program of the federal government is in operation in the northern Panhandle area and Oklahoma and New Mexico. Latest word is that we can probably expect little or no help in this area because of the serious needs elsewhere. The poison bran that was used several years ago will probably not be used this year because the spray programs are much more effective.

## Funeral For Mrs. Breitling Sunday

Funeral services for Mrs. J. M. Breitling were conducted Sunday afternoon at 3 o'clock in the First Baptist Church with Rev. Strauss Atkinson officiating. Mrs. Breitling died at her home at 703 20th Street, about 5:30 Saturday morning. The deceased was born Virginia Griffin at Tyler, Texas, in 1886.

Mrs. Breitling is survived by her husband, J. M. Breitling of Canyon; three daughters, Mrs. Walter Smith of Melrose, N. M., Mrs. Virgil Morris of Guthrie, and Mrs. Oscar Phillips of Lubbock; three sons, Hubert Breitling of Amarillo, J. C. Breitling of Amarillo, and Estan Breitling of Tulsa; and two grandchildren. There is one deceased son, O. D. Breitling, who recently died in an electrical mishap.

Pall bearers were Tom Lair, Johnny Conatser, Gene McGlasson, Roy Joe Stevens, John Brazzil and George Hill. Burial was in Dreamland Cemetery under the direction of Griggs-Warren Funeral Home.

## Name Selected For New Park

The name for the new city park was selected Thursday afternoon by a committee from the business men of Canyon.

Announcement of the name will not be announced until the park is dedicated.

The Chamber of Commerce offered a first prize of a \$50 savings bond; a second prize of a season's swimming ticket in the new pool; and a third prize of two months swimming ticket.

Work is rapidly advancing toward the completion of the park, but will not be completed for the end of this month.

### MARRIAGE LICENSE

Norman Edward Gilmore, Jr., to Miss Estelle Marie Friemel, June 15.

Miss Louise Shirley of Ogden, Utah, is spending the summer with her mother, Mrs. D. A. Shirley.

## Chase Ends in \$350 Fine; 90 Days for Chased

Chief of Police George Roden chased and finally caught a man Friday morning shortly after 8 o'clock who was tried and given 90 days in jail and a \$350 fine for drunk driving and will be held for other authorities on a stolen car charge. Police Chief Roden said he received a call that a drunk driver was coming into town from the south. He then drove out south of town on highway 87 to wait and said he had no trouble spotting the man who was coming in at about an 85 or 90-mile per hour clip.

Roden said he chased the man and the two of them ended up near the business section of town. He said he told the fugitive to pull in at the sheriff's office as that was where they were going anyhow. Instead of pulling in, the man took off at a high rate of speed and turned down Fourth Avenue. Once more Roden gave chase as the fugitive attempted an escape.

At 17th Street, the speeder attempted a left turn but was traveling at such a high rate of speed that he slammed into the car of Bill Sternberg and Tom Slack. Roden said the Sternberg car was hit by such an impact as to be knocked into the Sternberg Lumber Company. This impact knocked a hole in the wall of the building at that point.

It was at the lumber yard that Roden made the arrest. He said that when he placed the man in jail he ran a check on him and learned that the car had been stolen in Odessa.

In court here the man was given 90 days in jail and a \$350 fine as a sentence. When he serves his time here he will then be turned over to Odessa authorities to face trial on the stolen car charge.

## Clara Belle Clown Will Stop Here

Clara Belle clown, one of the principal figures of a national television show for kiddies, will be in Canyon tomorrow. The clown is shown each week-day on the Howdy-Doody television show and is a popular figure with youngsters all over the U. S.

The show will be given Thursday morning about 10:30. It is to be given from at least two firms in Canyon. One stop will be at Cooper's Market and the other will be at Taylor & Sons Country Store.

## Former Teachers Visit Friends Here

Two former West Texas State College faculty members visited friends in Canyon over the weekend. They are Miss Golda Gruver, former mathematics professor, and Dr. Anah Jacks, former home economics professor.

Dr. Jacks, now head of the home economics department at Southwest Texas State College in San Marcos, visited Miss Gladys Armstrong and Miss Matilda Gaume, and was honored at a number of parties during her stay. She was enroute to Minneapolis where she will attend a workshop and the meeting of the American Home Economics Association.

Miss Gruver, who now lives in Los Angeles, was visiting Miss Edna Graham, who was professor of mathematics at WT for many years and is now retired.

## Husband of Former Canyon Woman Dies

According to a message received Saturday, Raleigh Colston died at Kingsville Friday night. He was the husband of the former Corinne Hamill of Canyon and Kingsville. The deceased had been suffering from an illness of several years' duration, and had been in a coma in the Kingsville hospital since May 23rd.

He is survived by his wife, mother and sister. The funeral was held Sunday in the Kingsville Episcopal Church. Hubert Hamill, brother of Mr. Colston, flew from Amarillo to attend the funeral.

## Commissioners To Meet Tax Matters

The News has printed 7500 tax cards which are being mailed to property owners of Randall county in regard to the tax equalization under the new plan, by County Clerk T. H. Lair.

The Court will sit as a Board of Equalization on July 12 and 14.

## Two Winners in Contests at A&M

John Brazzil, County Agent of Randall County, and Jimmy Hales, a Randall County 4-H Club boy, as they appeared at the A & M College State dairy judging contest. Jimmy won the highest individual award in the 4-H division, beating the best 4-H judges from all over Texas. In the special judging contest held for agents, coaches, and leaders at the same contest, Brazzil was high man.

Jimmy Hales, son of Mr. and Mrs. Robert Hales and grandson of H. B. Hales, noted Holstein cattle breeder, is the champion dairy cattle judge of Texas. While competing with the Randall County 4-H Dairy judging team at the annual state contest and Round-up at A & M College on June 9 Jimmy made the score of 461 out of a possible 500 to win the high individual award.

At the state contest the Randall County team represented 22 counties in Texas Extension district Number One. They were in competition with 11 other teams that had won the right to represent their district of about the same number of counties. The 12 best judging teams in the state were in the contest. To win the high individual honors in this kind of competition is worthy achievement. Team members Jack Metcalf and Charles Conatser were teammates of Jimmy in the judging event. County Agent John Brazzil is coach of the 4-H judging team and made the trip with the boys.

Brazzil won the contest among the county agents, coaches and leaders of the various groups.

## Varied Program For Coffee Time

Eleven members of the Chamber of Commerce met at the Legion Hall Tuesday morning for coffee time. R. B. Allen, vice-president, presided. He asked the question: "Is this meeting worthwhile, and shall we continue?" It was the unanimous opinion that where so many business men would gather twice a month that the meeting was well worth the time and effort.

FHA came in for discussion in regard to government loans in the west part of town. It was decided that a delegation be sent to Lubbock to see what was the matter with the west end of town and what Canyon citizens must do to assist in getting building started in that part of town.

It was decided that action must be taken soon on the construction of a new court house in Canyon. As soon as county officials return from the tax meeting in Denver that the way may be opened for a petition to be circulated calling for a bond election on the subject.

A unified movement for Canyon to build new store fronts for all business firms was briefly discussed. This was pointed out as one of the greatest needs of the business section and the only way that people would be induced to come here to trade.

A radio program of local merchants, put on by local people, was discussed. Broadcasting games was ruled out as a waste of money. The Canyon News was highly praised, but is not reaching far out of the county.

One business man observed that if all merchants will keep his stock up to the minute, and offer real bargains, that the folks will come to buy.

## Dollar Day on July 1st in City

The next issue of The Canyon News will carry messages of Dollar Day in Canyon. Dollar Day will be held on Friday, July 1st.

July 4th is a national holiday, falling upon Monday, following Dollar Day.

Miss Ann Prichard, who had been visiting with her grandparents, Mr. and Mrs. Hud Prichard and Mr. and Mrs. Charles Harter, was taken to Lubbock Sunday morning by Mr. and Mrs. Prichard. In Lubbock she boarded a plane to fly to her home in El Paso.

## New Professor Named to W. T.

DAVID R. MATTHIS

A new assistant professor of government, to assume duties when the fall semester opens in September, has been named at West Texas State College.

President James P. Cornette has announced the appointment of David R. Matthis, who at present is assistant professor of government and history at Centenary College, Shreveport, La. Matthis has completed all requirements except his dissertation, on the doctorate at the University of Texas.

A graduate of Texas Wesleyan College with the B. A. degree, Matthis earned his M. A. in government at the University of Texas. He was a teaching fellow at the University in 1946-50 and 1953-54 while working on his doctorate. He was assistant professor of government at East Central State College, Ada, Okla., for three years.

Son of F. R. Matthis, long-time professor of mathematics at Texas Wesleyan, the younger Matthis was a basketball star under Coach William A. Miller of West Texas State, when the latter coached at Texas Wesleyan.

A member of Pi Sigma Alpha, national honorary political science fraternity, Matthis was president of two classes, and as a senior, was president of the student body at Texas Wesleyan. Writing his dissertation on "The Role of the National Committee in American Party Organization," Matthis recently read a paper before the social science section of the Louisiana College Conference.

Matthis served in the Army during World War II, spending 32 months in North Africa and Italy. He is married and has two children, Michael James, 7, and Roseanna Elizabeth, 3.

## Rev. Giesler Goes to Japan

Rev. and Mrs. Charles Giesler and two children of Lyford spent the week-end at the parental Frank R. Phillips home. Mrs. Giesler will be remembered as the former Frankie Phillips.

Rev. Giesler was in the party of Methodist pastors who will sail from San Francisco to Japan this week. He left Saturday. His family will remain at the parental home in Canyon.

Mr. and Mrs. Gabe Thompson returned home last week after spending a week in Los Angeles, California. Mrs. Thompson reported an enjoyable trip.

## New School To House 1 to 5th Grades in Fall

Work of beautifying the grounds around the new grade school building is progressing rapidly at the site of the new \$417,000 plant near the city park of Canyon.

Supt. of Schools Joe Gibson said the building is large enough to handle the combined enrollment of the old elementary school building and the elementary school which has previously been housed in the West Texas State College Education Building.

Workers are now clearing the WTSC building and making way for space there to be used for college classrooms.

Dedication ceremonies at the new elementary building will be held sometime after the opening of the fall school term, Gibson said.

According to present plans, the first five grades will attend the new building. The 6th, 7th and 8th grade students will go to the old elementary school building adjoining Canyon High School in the west part of town. Students in the 9th through 12th grades will attend Canyon High School.

Additions costing about \$133,000 recently were made at the high school. These improvements include a physical education building, a homemaking department and a science department. The \$133,000 was for buildings alone, and does not include cost of equipment, according to Gibson.

"In general," Gibson said, "I think we are in much better shape to handle our enrollment this fall."

## John Guthrie Bitten by Dog

On Wednesday of last week John Guthrie was bitten on the leg by a dog.

Mr. Guthrie had called at a tenant's house on Second Avenue on business concerned with utilities of the house. While standing in the yard talking, Mr. Guthrie was attacked by a dog from the next door.

This dog was usually kept chained by its owners, but a visitor in the home had released the dog and taken it into the house with him. In some way the dog escaped and attacked Mr. Guthrie without making a sound of any sort.

In as much as this was the fourth person this dog had bitten authorities thought best to have it put away.

After the other attacks had been made the dog had been under observation and found that there was no sign of rabies.

Mr. Guthrie's bite while painful was not serious.

## Body Shipped Here For Interment at the Dreamland

Charles Pruitt Scott died Sunday night at his home at Oakland, Calif., where he had been working as a mechanic.

The body was shipped to Canyon, arriving Friday evening for the funeral Saturday morning at the Griggs-Warren Funeral Home. Rev. Strauss Atkinson was in charge of the services.

Mr. Scott, was 49 years, 10 months and 8 days of age at the time of his death. The coroner at Oakland pronounced the cause of his death as heart disease. He had died in his sleep.

Survivors are three brothers, Fred E. Scott of Canyon, Carl L. Scott of Lurey, Va., Richard A. Scott of Roswell, N. M.

Pall bearers were Clyde Davis, Lee Foster, Boots McBroom, W. R. Crow, Claude Moore, Haskell Harwood.

## Winds Ruin Revival Tent

Sunday night's wind totally destroyed the tent under which the Assembly of God congregation was holding its revival at the location for the new church building on highway 87.

Not only was the tent destroyed but much damage was done to the furnishings.

A new tent was ordered Monday morning. Until that tent arrives services will continue in the church at the old location.

Rev. Pettit, pastor, announced that by 10 o'clock Monday morning \$225 had been donated by friends of the church to apply on the new tent.

"What will you give me for these jokes?"

Editor: "Ten yards start."

## Funeral Service Held Thursday pm

MRS. ETTA LEE STEWART

The funeral service for Mrs. Etta Lee Stewart was held Thursday afternoon at the First Baptist Church in Hereford.

Mrs. Stewart was the wife of W. J. Stewart and the couple had made their home in Canyon at 1219 Third Avenue for the past five years. The survivors are the husband and three sons, Clifford, Reece and Raymond Stewart, all of Dawn; five grandchildren; one sister and two brothers.

Mr. and Mrs. Stewart were married in 1907. They had lived in Nacona and Dawn before moving to Canyon. Mrs. Stewart was born in Indian Territory 70 years ago.

Interment was in the Hereford Cemetery. The services were in charge of the Griggs-Warren Funeral Home. Rev. Paul McClung of Dawn, assisted by Rev. Lester L. Hill of Canyon conducted the services.

Mrs. Stewart had belonged to the Methodist Church since she was 14 years of age.

## Hail Storm Near Canyon Sunday

Canyon escaped the hail storm Sunday, which passed to the west of the town. Only a few large hail fell in Canyon.

This was said to be one of the most destructive storms that the Plains has ever had. It covered much more territory than the one which hit Canyon a few years ago.

The storm started north of Amarillo and plowed through a heavily populated part of the town, destroying roofs and windows on the north and east side of the houses.

Hail was stacked six inches deep a few miles north of Canyon, and much damage was done to crops, homes and trees.

Southwest of Canyon the hail storm was at its height again, destroying all vegetation and windows. Many citizens, who were away from home at the time of the storm, returned to find their homes almost wrecked by the hail.

While the rain was comparatively light in Canyon, measuring only one inch, it measured as much as three inches in spots north and southwest of Canyon. The high wind which accompanied the storm did much damage to the southwest of Canyon.

Tornado warnings were sounded Saturday afternoon which caused the office of Sheriff L. S. Johnston to receive 200 calls.

Following the heavy hail storm in Amarillo, which was broadcast every 15 minutes, H. C. Winburn announced that his office would issue no more storm warnings unless the winds were of tornado velocity.

## Instructions Are Given on Pay Boost Postoffices

Postmaster Guy Harp has received the following instructions regarding the increased pay which was recently voted by Congress to all postal workers:

The increase of 6% will apply to all postal workers; effective March 1; payment for the increase will be included in the July 15 payment, which will be deferred until July 22. Checks will be issued from the regional offices instead of payment at the local post offices.

Postal employees will continue to be paid twice monthly, but a 7-day lag will prevail.

Postal employees will be paid on each alternate Friday; monthly pay is figured as to whether the month has 28 or 31 days.

Employees will receive an extra day's pay each year.

Visitors in the home of Mrs. J. D. Key from Thursday until Sunday were her niece, Mrs. Eula Trimmel, and her 13-year-old son, Harry, from Decatur, Ill. Mrs. Trimmel is the former Eula Key of Vigo Park. This is the first time she has seen her aunt in 25 years.

Mr. and Mrs. T. B. Atkins from Big Spring visited in the home of Mr. and Mrs. G. B. Combs Sunday and Monday as they were enroute to Colorado for a month's vacation. They will join friends at their cabin there.

## Wheat Growers Will Vote on Next Saturday

The final decision on whether or not marketing quota controls will apply to wheat produced in 1956 will be made by wheat growers Saturday, June 25.

According to the Texas Agricultural Stabilization and Conservation Committee, if two-thirds vote "yes," the support for the 1956 crop will probably be between 75 and 82 percent of parity—the exact level will be announced before the referendum. If more than one-third vote "no," the support will be 50 percent of parity. In any case, points out the committee, support will be available in the commercial wheat states only to those farmers who stay within their farm's wheat acreage allotment. Texas is a commercial wheat state.

If, points out the committee, the vote is favorable, market quotas will be in effect and growers who exceed their farm acreage allotment will be subject to a marketing penalty of 45 percent of parity on their excess wheat. If the vote is unfavorable, there will be no marketing quotas and no penalty for excess wheat.

Acreage allotments will be in effect for price support purposes even if marketing quotas are disapproved. The national acreage allotment for 1956 is 55 million acres—same as for 1955—which is the minimum established by law.

The State ASC committee urges all eligible voters to study the situation carefully and make their decision.

The following will be the place for elections, and the election judges:

"A"—Canyon community, County ASC office, 1408 4th Ave., Canyon; B. A. Burrus, Roger Dugan, Leonard W. Boehning.

"B"—Sunny Hill-Fairview community, Vacant house ¼ mile south of the old Sunny Hill school site; Everett F. Culp, E. W. Miller.

"C"—Jowell community, Jowell schoolhouse; Eugene S. Bonds, O. H. Rahlfs, Jr., H. M. Kinsey.

"D"—Umbarger community, school auditorium; Conrad Westhoff, Wilhelm Bauer, Richard E. Friemel.

"E"—Highland community, John Plank's farm garage, 7 miles west of Hollywood Service Station; John S. Plank, L. T. Campbell, Donald M. Olson.

"F"—Trigg-Zita community — Hollywood Service Station; Frank C. Gruener, Wayland C. Angel, T. G. Lair.

"G"—Park-Stone community — Donald Ladehoff's farm garage; W. S. Bennett, Kenneth F. Erwin, Harold Ladehoff.

## Mrs. J. B. Fox Funeral Pending

Funeral service for Mrs. Dora Ann Fox are pending at the Griggs-Warren Funeral Home, and will be held this afternoon.

Mrs. Fox died Sunday evening at 7:52 o'clock at the Nebbett Hospital. She has been in poor health for several months. She was 75 years, 2 months and 21 days of age at the time of her death.

Mrs. Fox was the widow of the late J. B. Fox, prominent farmer, who lived south of Canyon for 36 years. He died in 1938.

She is survived by nine sons and five daughters; Ernest, Curtis, Milton, Arthur and Warren Fox, all living in Happy; J. A., Elmer, Weldon, who live in Amarillo; Reginald of Cambridge, Mass.; Miss Leta Fox of Amarillo; Mrs. R. C. Roberts of Happy; Mrs. B. E. Flippo of Hereford; Mrs. W. E. Smith of Wichita, Kansas; Mrs. J. T. Gooch of Amarillo; and 11 grandchildren.

Mrs. Fox was a member of the Methodist Church. Rev. Lester L. Hill will officiate at the funeral services. The body will be laid to rest in Dreamland Cemetery by the side of her husband.

## New Tracks on Santa Fe Used

The new bridge over highway 87 was turned to the Santa Fe the past week, and trains are now being run over the new overpass.

The temporary track and dump which was built by the contractor for use of trains while the new overpass was being constructed is now being removed by the State Highway Commission. This work is advancing rapidly, according to schedule for moving the dirt.

Paving the highway for the underpass will be completed by the middle of September, according to the contract. Traffic, which has been diverted through Canyon, will then go by the Santa Fe underpass on highway 87.

Mr. and Mrs. Charles Owens and son, Vick, of Houston are visiting his parents, L. H. Owens, and attended the wedding of his sister, Mary, to Allen Winters Sunday afternoon.

Mrs. Sallie Burgess returned home Monday after having visited for several weeks in Mason and Lubbock.

## EDITORIAL COMMENTS

## A Few Observations As The Days Roll By . . .

In this issue of *The Canyon News* are to be found the advertisements of many Canyon merchants. These merchants are, through the medium of our paper, asking for your support.

We all realize that thousands of dollars go out of Randall County every year which should and could be spent in our community. It behooves all thinking people to consider this matter and keep as much of our money at home as possible.

The idea that the slogan, "Trade at Home," is the despairing cry of a dying community is absurd, although there are some citizens who classify it thus. Town-boosting is an art practiced by those live, wide-awake communities, made so by citizens who believe in their town and support their merchants.

The merchants of this country are not asking for, nor are they entitled to "charity." If they do not offer goods at equal prices, quality considered, they certainly do not expect your trade. If a local purchaser will take into consideration the service that backs up a sale made by a local business house, the immediate delivery effected, the convenient terms often allowed, and the courteous consideration extended, it will be plain that "buying at home" has its advantages.

When you buy here, thereby creating a larger demand, local merchants will be able to increase their stocks, thus offering a larger variety which can compete with some of the stores in the larger cities. They cannot do this, however, until they have some assurance of general local support.

We call attention to the fact that a community, like an individual, cannot spend its money and keep it too, but a community made up of many people who spend their money at home, can spend that money time and time again, among its own people.

Texans naturally grow impatient when their legislators fail to agree on appropriation and tax bills until after the end of the regular sessions. They are resentful when the salons back and fill on revenue measures; when all sorts of unorthodox ideas are thrown into the hopper days or weeks after a bill should have been passed; when, in desperation, a subcommittee reports favorably some strange innovations only to have them batted down by the full committee and the process of trying to piece together a tax bill the two houses can agree upon is started all over again.

But Texans should congratulate themselves upon their constitutional provision which prevents the Legislature from voting expenditures without levying taxes to provide the necessary funds.

This wise constitutional requirement has caused many a Legislature to run into extra days and weeks and has necessitated the calling of special sessions at times. It is hard on the legislators' nerves and pocketbooks and is equally wearing on the citizens' patience.

To pass appropriation bills is easy if there is no inhibition on doing so without providing the funds. It also is bad practice. Texas does not carry a staggering load of debt. That is a result of the wisdom of its constitution's authors. The federal government, and other states which do not have similar restrictions, would be far better off if they had.

We listened with a great deal of interest to the speech which Paul Butler made at Lubbock.

Time was when we would have thrown our old hat in the air and whooped it up as Butler poured it on the Republicans. You know that we came from a Republican state, and since our father was the only Democratic office holder in his county for years, we have reason to hate Republicans. Time has somewhat mellowed our thoughts.

The Republicans are no better and no worse than the Democrats. Office holders are about all of the same timber, from President on down; some good; a few bad; some poor, some crooked; the large part honest and reliable.

We were impressed with the speech of Butler. He made it clear that he did not come to Texas to "whip" either faction. He came as a peace-maker, but spent enough time discussing the merits of delegates to any convention that we wondered if his peacemaking expedition was free from the influence of the brass collared Democrats in Texas.

Here we have been telling the people of Randall county that there was nothing wrong in bolting the ticket when the voter was convinced that the persons running were unfit for the job they sought; and along comes Butler with the same statement. He is following in the footsteps of Woodrow Wilson, Franklin D. Roosevelt; and a host of other Democrats who were not afraid to bolt the ticket.

In Texas Democrats are supposed to vote for the nominee regardless of how unfit he may be for public office. Yet, Butler made it clear that he has often bolted the ticket.

Furthermore, Mr. Butler made it clear that he did not come to Texas to "snub" any official. He had not "snubbed" Governor Shivers, he declared, and welcomed all back into the fold of the Democratic party.

His declaration and statement of position should put an end to all the wild statements made about the Governor—but we doubt it. Regardless of what Butler says, his

declaration will be changed to meet the opinions of the speaker or writer.

A resident of Amarillo came to *The Canyon News* office the other day to discuss the question of segregation. He was from the South and had lived with Negroes all of his life.

He asked our opinion and was surprised to hear us say that we had never lived among Negroes; knew nothing about them; and was leaving this problem up to the folks who professed to know.

"Canyon is one of the cleanest small towns I have ever seen. If you will keep the blacks out your population will soon double. I am looking for a town where people have enough spunk to tell the blacks to stay where they are," was his final statement.

It is something to think about.

Dictator Peron down in Argentina has staged a fight on the Catholic Church of his nation. He is nominally a Catholic.

What is his game? Does he seek to take away the strength of the Church and substitute himself as God of his nation?

We are hopeful that Peron may one of these days stub his toe and fall flat on his face when he attempts to rule by force his unhappy country. He is appealing to the ignorance of the common herd, and therein get his strength.

Bill Vukovich, twice victorious in the 500-mile race at Indianapolis, died in a tragic accident on Memorial Day week-end trying for an unprecedented third win in a row.

The news of Vukovich's fatal crash on the speedway filled radio listeners with horror. They mourned a popular hero.

Several hours later came the news of 368 deaths in other fatal auto crashes on the highway. But the absence of drama in these accidents --- and the anonymity of the victims --- produced no comparable sense of loss to the nation as a whole.

Bill Vukovich took a calculated risk when he stepped into his high-speed car. He was an expert driver and he knew the odds.

You and I might say he was foolish to take such chances. But just what chances did he take, as compared to those many so-called "pleasure" drivers take?

First, he was a fine driver. He had passed a rigorous examination of his skill and his physical condition before he was allowed on the track. His reflexes and coordination probably were far above average.

His car was tuned like a fine watch. Every mechanical part had been checked and rechecked. He would have changed tires twice had he finished the race.

The car was reinforced with rollover bars. He wore a crash helmet and safety belt.

His fellow drivers also were experts. They were all going one way. There was no cross traffic, no pedestrians, no narrow bridges, no turns, hills, no blinding lights and countless other hazards met in almost every mile of ordinary roadway.

And a glancing crash into a retaining wall at 120 m.p.h. does not develop the lethal force that a head-on collision does of two cars traveling 60.

How many highway drivers know as well as Vukovich did the hazards they may encounter? How many are as well equipped to cope with them?

So when you drive your car on the Fourth of July, think of Vukovich --- not as a fast driver, but as a man who knew what he was up against and took calculated risks. Make sure you know what you are up against on the highway this week-end --- and drive accordingly.

Private capitalism does not mean that the government should enter business but neither does it imply that the government should subsidize business.

Advertising is known by the company it keeps. Your business message in *The Canyon News* is welcomed by the best families in Randall county.

A just decision is one that lets us win.

What is MY duty as a citizen? If you have never pondered this question, isn't it about time you gave it some serious thought?

If you are an average male adult you are head of a family and have reached the age of about 40. You own your own home and pay taxes in San Marcos. You have lived in San Marcos about 14 years. You have two children in school. You are a member of a church and at least one civic or fraternal organization.

You have never served on a grand jury and have been called for petit jury service one time and did not serve because of exemption or other reasons.

You have an income of more than \$3,000 per year and you are living within your means. Your medical and drug bill is less than \$200 per year. You have never been a patient in a hospital. You have never been in a serious automobile accident. You have never been charged with an infraction of the law.

You have never attended a meeting of the City Council. You do not belong to your Chamber of Commerce.

You let George do it, most of the time. Citizenship demands more than the "average."

This is 1955. It is a year of opportunity. It is a year when leadership is at a premium.

Examine your score as a citizen. See if you are getting more than you give. If you are, the chances are that your energy and talent can be used effectively somewhere in your community. Find that place!

## News In Canyon 25 Years Ago

(Taken from the files of *The Canyon News* of June 19, 1930)

Four new iron benches were placed around the court house by the Commissioners Court to provide seats for those seeking a place to rest.

The first car of wheat was shipped from Canyon for the season.

Shots from a rifle killed a registered bull valued at \$150 on the J. P. Ingram ranch, south of Canyon.

A. M. Smith resigned as county chairman of the Democratic party and W. C. Black was elected to take his place.

Miss Mayme Dunaway and Dr. E. J. Cundiff were married.

## NEW DEMONSTRATION AGENT MEETS WITH PALO DURO-RUSK

When the Palo Duro-Rusk Home Demonstration Club met in the home of Mrs. Charles Conatser, June 14, members were delighted to have Mrs. Mona Hildreth, the new demonstration agent, meet with them.

Mrs. Hildreth gave some interesting tips on dressing and made suggestions that will benefit each one present.

Mrs. Charles Wilkerson, vice-president, called the meeting to order. Mrs. Roger Dugan opened the meeting with a piano number. Roll call was answered and minutes were approved.

The club voted to omit their next meeting to go as a group on that date to a tea in Canyon honoring the new County Agent.

Mrs. Charles Conatser gave the council report. The club approved of helping with the Farm Bureau picnic and beauty contest.

Refreshments were served to Mesdames Roger Dugan, Clem Dugan, Ralph Barclay, Wilkerson, Charles Miller, Dick Lowrey, Hildreth and the hostess.

## NO CONSIDERATION

His wife lay on her death bed. She pleaded: "John, I want you to make me a promise. Will you ride in the same car with mother to the funeral?"

He sighed: "O. K., but it's going to spoil my whole day."

## THE GUARANTEE

Customer—But do you really refund the price of these hose if they fail to turn out holeproof?

Salesman—"My dear madam, we do it every day."

## Miss Friemel Is Honored With Shower

Miss Estella Friemel, bride-elect of Norman Gilmore, was honored with a personal shower recently in the Max Hoffman home.

Pink and blue, the bride's chosen colors, were used throughout the decoration scheme.

Centering the serving table was a large bouquet of multi-colored spring flowers. Refreshments of cake, punch and fancy nuts were served.

Attending were Misses Cecelia Friemel, Mary Janssen, Evelyn Irlbeck, Elizabeth Ann Beckman, Helen Raef, Elaine Batenhorst, Catherine Koch, Joyce Friemel, Mary Fischbacher, Anna and Elsie Buecker and Marcella Prizlas, and Mesdames Charles Friemel, E. J. Friemel, Max Hoffman, Carl Kleuska, Herbert Friemel, L. J. Wieck, Joe Meyer, L. A. Haschke, Henry Gerber, Dale Brockwell, and Joe Friemel.

Hostesses were Misses Betty Hoffman, Charlene Friemel, Romilda Gerber and Margaret Friemel.

## MERGERS

With business mergers on the increase, the Government, seeking to prevent combinations which it thinks are harmful to free enterprise, often finds itself, as business does, in a "shadowland" of statutory interpretations.

## DISARMAMENT

Harold E. Stassen, newly appointed Presidential Advisor on Disarmament, recently warned against "one-sided disarmament," as he noted indications that the "tense state of the cold war" is drawing to an end.

Russel A. Kirk, author and former faculty member, Michigan State College: "Continued concentration of power in the hands of government poses the threat of a strong centralized democracy, dominated by publicists and other molders of public opinion."

Margaret Chase Smith, U. S. Senator from Maine, who doubts that President Eisenhower will run again in 1956: "We don't want to put all our eggs in one basket—we don't want to lean too heavily upon the Eisenhower popularity."

Senator George of Georgia used his high personal prestige to have Federal regulation of highway advertising struck from the road-construction bill before the Senate.

## NEW LOOK?

Lyndon B. Johnson (D-Tex.), Senate Majority Leader, recently suggested that President Eisenhower should take a new look at the defense program of the nation to make certain that the United States was not lagging behind Soviet Russia in any aspect. He said he was "disturbed" by the current picture and described recent Soviet peace moves as a "smoke screen."

## AN EYE FOR A BARGAIN

Uncle Si (in from Podunk) — And you say everything in the store is just five and ten cents? Floorwalker—Yes, everything. Uncle Si (glancing at music department)—I'll take that pianer.

## CULTURE CULTURE

Brown—What made you start clapping your hands when that woman stepped on your foot in the crowded bus?  
Barlow—I was dozing, and I thought my wife was giving a musicale and I was signaling that it was time to applaud."

Sir Percy Spender, Australian Ambassador to the United States: "We cannot afford the luxury of misunderstanding."

1. 53,930 — a record.
2. Over \$2 billions.
3. On November 10, 1775.
4. \$20,000,000,000.
5. Approximately 50,000,000 sq. ft. of space.
6. On May 27, at 8:51 o'clock, it registered an even 165,000,000.
7. China, with about 600,000,000.
8. Fourth — being preceded by China, India, and the Soviet Union.
9. Officially estimated in 1952 to be 207,000,000.
10. An estimated one every two minutes, with one person leaving the country every 24 minutes.

## IMPOLITE TEACHER

Nine-year-old David hurried off to school one morning before his mother inspected his wash job. So, when he sat down in the classroom, breakfast was still visible on his face.  
The teacher frowned and said reprovingly: "David, you didn't wash your face. What would you say if I came to school one morning with egg and jam around my mouth?"  
"Nothing," he retorted smugly. "Nothing at all, I'd be too polite."

## ECONOMIC TIES

The United States foreign policy, including economic union with Western Europe, was recently urged by a group of political scientists who made a two-year study for the National Planning Association. The report said social changes and the Communist threat called for new approaches and bold measures to strengthen the economies of the free nations.

## MINE DEATHS

Accidents in coal mines have killed 111 men during the first three months of 1955, seven more than in the similar period of 1954. The fatality rate for the first quarter of this year was 1.05 for each 1,000,000 man-hours of exposure, compared with a rate of 0.99 for the 1954 period.

## GOD'S HELPER

The teacher was giving the primary class a talk on flowers. "Now, children," she said, "who can tell me what makes the flower spring from the seed?"  
"God does it," answered one little girl, "but fertilizer helps."

## EXPLAINS EVERYTHING

Idea: "I hear you've accepted him. Did he happen to mention that he's proposed to me?"  
Ina: "Not specifically. He did say that he'd done a lot of foolish things before he met me."

## GERMAN LABOR SHIFT

In a major policy shift, German labor joined in a pledge with the free unions of 74 other countries at Vienna to build the military strength of the Western world against the Soviet Union.

## VOICE OF EXPERIENCE

Wife (reading from an insurance pamphlet): "A large percentage of the accidents occur in the kitchen."

Husband: "Yes, and what's worse we men have to eat them and pretend we enjoy them."

## TAX WINDFALL

The Senate Finance committee recently voted 2 to 0, to repeal two provisions of the Administration-backed 1954 tax law. It had been shown that the new law gave business a windfall of at least one billion dollars.

## NEW SEXTANT

The announcement of the development of a sextant which will operate automatically gave promise of a quick precision plotting of courses in jet flight and also of guiding long-range missiles.

College graduates of recent years are having more children but, as a group, a study shows they still have to produce more to replace themselves.

Clark Gable, actor: "Africa's the most fascinating country I've ever seen."

## CREDIT INSURANCE

Insurance written specifically to protect the loan in the event of the death of the insured person has risen sharply since World War II. Almost 40 per cent of outstanding consumer credit in the United States now is covered by this kind of life insurance. There was a total of \$10,241,000,000 worth of credit life insurance in force at the start of the year, covering a total, on January 1, of 20,998,000 policies.

## RESERVED SEATS

Suitor — Do you ever peep through the keyhole when I am sitting in the parlor with your sister?

Small brother (with a burst of candor)—Sometimes, when mother ain't there.

Henry Wallace, former Vice President: "The United States should refuse to give up the hydrogen and atom bombs until a safe machine has been arranged to eliminate all armaments and to enforce that elimination by continuous inspection."

Amana Gatewood, 103-year-old Kentucky woman, refusing airplane ride: "When I fly I will go to heaven. And I'm going to heaven because I have always lived right, done right, helped poor people."

Pravda, Soviet official organ: "The complete normalization of relations between the U.S.S.R. and Yugoslavia is of tremendous significance not only for the two countries but also for the cause of peace throughout the world."

Borba, Yugoslav official newspaper: "We can hardly imagine that anyone in the world, if he really stands for peace, can come out against the results (of the Soviet-Yugoslav meeting)."

Helen Keller, now 75, blind from youth, speaking to 5-year-old blind girl: "Never bend your head. Always hold it high. Look the world straight in the face."

And out of good still to find means of evil. —Milton.

## Umbarger News

(Too Late for last week)

Visitors in the home of Mr. and Mrs. Albert Fischbacher is their son, A. 2c Albert Fischbacher, who is on 30 day leave after a tour of duty in England, and their grandson, Robbie Walterscheid, of Carlsbad, New Mexico. Sunday visitors were Mr. and Mrs. Pete Fischbacher and daughter.

Mr. and Mrs. John Brandt visited Mr. and Mrs. Dennis Brandt Sunday evening.

Mr. and Mrs. John Batenhorst, Mr. and Mrs. Leonard Batenhorst and family, and Mr. and Mrs. Werner Henscheid and family were Sunday supper guests of Mr. and Mrs. Isidore Reinart of Hereford. Joe Grotegut has returned to the Anton Grotegut home after a visit to his native Germany.

Mr. and Mrs. Jim Alford and family were guests of their daughter and son-in-law, the Joe Meyers of Vega. Other guests in the Meyer home were Mr. and Mrs. Conrad Westhoff and family, Mr. and Mrs. Bill Bauer, Mr. and Mrs. Dennis Noggler, Mr. and Mrs. Ben Buecker and family, Misses Mary Fischbacher and Bernice Grabber.

Mr. and Mrs. W. S. Elger and family visited in the E. J. Friemel home Sunday.

Mr. and Mrs. Leo Raef and family visited the Lewie Raefs Sunday evening.

Exchanging visits were Mary Buecker with Shirley Albracht and Peggy Albracht with Phyllis Beckman.

About 60 young people gathered in the Otto Przilas home June 5 for a farewell party honoring their son, Melvin Przilas, who left June 7 for induction into the army. He reported to Fort Ord, Calif., for training. Assisting her parents in the entertaining was Miss Marcella Przilas.

William J. Fulbright, U. S. Senator from Arkansas: "Big business is getting bigger and more profitable. Small businesses are fading."

Joseph W. Martin, House GOP Leader: "The modern age of America is just beginning."

## INTERESTING FACTS ABOUT TEXAS

## SAN JACINTO MONUMENT

This memorial is 570 feet high, the tallest stone monument in the world. On these hallowed grounds, Texas won her final battle for Independence from Mexico on April 21-1836. The Texans rushed to battle with the cry, "Remember the Alamo, Remember Goliad" and won a complete victory in less than thirty minutes. The Mexican army was routed with a loss of 630 killed, 280 wounded, and 730 captured. The Texans sustained a loss of two killed and twenty-three wounded. Among the Mexicans captured was General Santa Anna.

Our aptitudes are all quite different but regardless of how we earn our livelihoods, we should give great consideration to wise use of our earnings.

If you are having trouble in making your income meet your needs, then let us guide you in sound spending and saving.

## Have plenty of water piping hot . . .

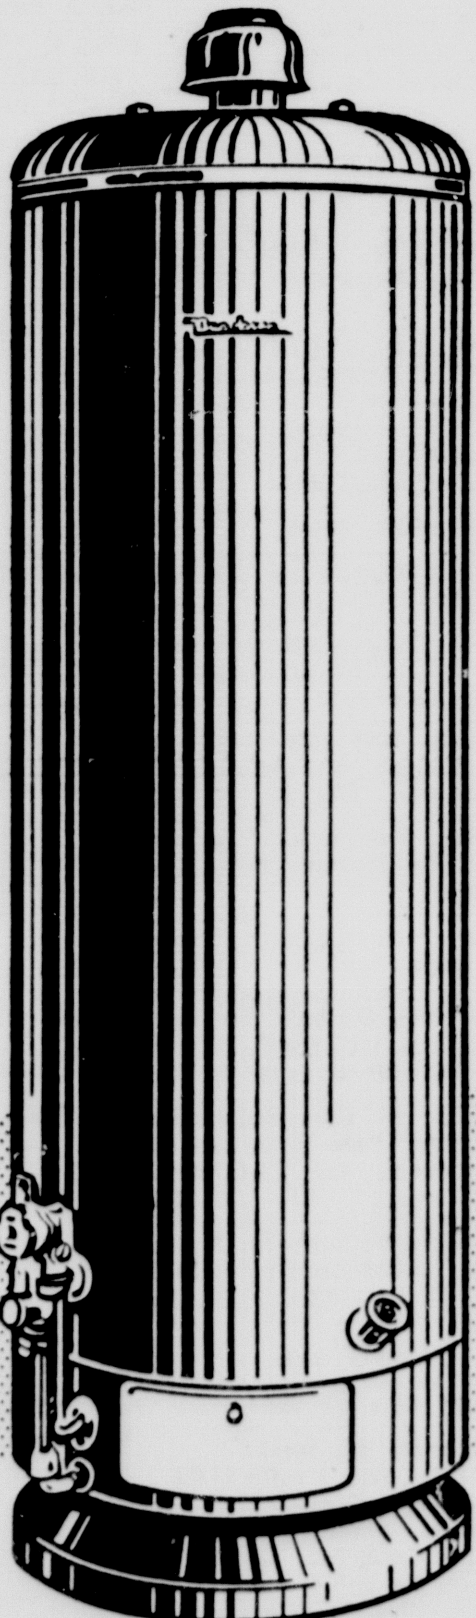

## 3 times faster with a GAS water heater

1. Costs less to buy!
2. Costs less to install!
3. Costs less to maintain!
4. Costs less to operate!

MINIMUM RECOMMENDATIONS FOR NORMAL HOT WATER REQUIREMENTS		
Number Bathrooms	Number Bedrooms	Storage Cap'y. Gallons
1	1 or 2	30
1	3 or 4	40
2	2 or 3	40
2	4 or 5	50
3	3	50
3 or 4	4 or 5	75

NOTE: USE NEXT LARGER SIZE WITH AUTOMATIC CLOTHES WASHER OR AUTOMATIC DISHWASHER

See your plumber or gas appliance dealer today! Plan an adequate hot water system for your home. Assure yourself and your family plenty of really hot water for all the cleaning chores around the house . . . an ample supply of hot water for your automatic clothes washer . . . all the hot water that you need for your automatic dish washer . . . and plenty of hot water for baths. # WE SALUTE OUR STATE!

## Brasher-Edmonds Rites Read in Tucumcari, N. M.

Nuptial vows were solemnized recently for Carolyn Ann Brasher and Elmo R. Edmonds in the study of the First Baptist Church of Tucumcari, New Mexico, with the Rev. Chester O'Brien, pastor, reading the double ring service.

The bride is the daughter of Mr. and Mrs. F. V. Brasher of Canyon and the groom is the son of Mr. and Mrs. George Edmonds of Happy.

The bride wore a dress of white linen with baby blue accessories. For the traditional something old, she wore a bracelet belonging to her maternal grandmother, Mrs. D. P. Clark, that has been worn by all her granddaughters at their weddings. The new was a string of pearls; borrowed was her mother's ear screws and blue a garter made by the groom's mother.

Mr. and Mrs. Brasher and Mrs. Edmonds of Happy accompanied the couple to Tucumcari.

They are now making their home in Happy where the groom is engaged in farming.

### CHS CLASSES 1945-1946 HOLD REUNION IN ELWOOD PARK

Members of junior and senior classes of Canyon High School, 1945-1946, recently held a reunion at Elwood Park in Amarillo. The afternoon was spent in talking over old times and making plans for the next reunion.

Present for the reunion were Mrs. Eloise Adams Burleson, Amarillo; Mrs. R. C. Hamblen, Amarillo; Mr. and Mrs. Willis Hawkins, Jr., Hart; Mr. and Mrs. Mack White, Pampa; Miss Anita Johnigan, Canyon; Bobby Mickey, Canyon; Mr. and Mrs. George W. Schaeffer, Jr., Canyon; Mrs. Travis Knox, Amarillo; Mrs. Loys Knox, Canyon.

Mr. and Mrs. Flake Thurman, Amarillo; Mr. and Mrs. Blake Zachry, Happy; Mr. and Mrs. Bill Prince, Amarillo; Mr. and Mrs. Bill Harwood, Amarillo; Mr. and Mrs. F. G. Crofford, Amarillo; Mrs. Louis Reid, Eldorado, Ark.; and C. L. Hood, Amarillo.

### RELIGION ON THE FRONTIER TOPIC WESTSIDE H. D. CLUB

Mrs. Dick Barrett and Juanell Burrus presented a most interesting program on "Religion on the Frontier" when the Westside Home Demonstration Club met in the home of Mrs. Ray Metcalf Wednesday, June 15, with 12 members and three visitors present.

Mrs. Lewis Harvey presided during the meeting. The group sang "Home on the Range" and repeated "Our Aim."

Mrs. Metcalf is serving as secretary during the absence of Mrs. E. T. Zachry. Mrs. T. J. Myers read the council report and led a short recreation period.

Mrs. Doyle Bourn and Mrs. Lee-roy West were accepted as new members.

A picnic at Elwood Park on Sunday, June 26, was planned.

Mrs. J. T. Brown will be hostess to the club on July 6.

### MRS. HERSCHEL COFFEE IS HOSTESS TO 1925 BRIDGE CLUB

With beautiful arrangements of summer flowers decorating her spacious home, Mrs. Herschel Coffee was hostess to an afternoon of games for the members of the 1925 Bridge Club on Wednesday, June 15.

Refreshing punch was served during the playing of the series. At the conclusion of the games a delicious dessert course was served by the hostess to Mesdames J. D. Parker, J. Madison Daugherty, Glenn Dowlen, Iverson Leake, Hud Prichard, John Williams, W. E. Miller and Roger Whealy.

## Mrs. Doshier Is Honored With Shower

Mrs. Carroll Doshier, the former Frances Alice Harp, was honored with a miscellaneous shower in the home of Mrs. C. L. Thompson on Thursday evening, June 16. Co-hostesses with Mrs. Thompson were Mesdames W. C. Black, Ray Campbell, J. W. Kleinschmidt, W. B. Colwell, Cecil Simms, Ray McReynolds, E. D. Walker and Bryan McDonald.

Guests were greeted by Mrs. Thompson, the honoree, Mrs. Guy Harp and Mrs. Forrest Doshier, mother of the groom.

Approximately 125 guests signed the guest book which was presided over by Mrs. J. T. Harp and Mrs. George Doshier.

Mrs. W. T. Oliver and Mrs. La Nelle Gunter presided at the serving table which was laid with a beautiful linen and handmade princess lace cloth that had been brought to Mrs. Thompson from Brussels by a niece who had attended the coronation of Queen Elizabeth.

Blue and white flowers in an attractive arrangement added to the charming appeal of the silver and crystal appointed table.

Customer: "Of course, you understand I want my shoes comfortable, but at the same time good-looking and stylish."

Salesman: "Yes, ma'am, you want them large inside and small outside."

## NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS  
OF THE 18TH CONGRESSIONAL DISTRICT

Washington was completely wiped off the map last Wednesday.

This should have stopped some of the confusion, but according to the newspaper reports, it merely added to it. The trouble lay in the fact that many in the Capitol City refused to admit that they had been completely obliterated.

Generally speaking, they went blithely on their way and treated the whole proposition in a more or less jocular vein. The news stories were serious to a degree, but most of the writers couldn't withstand the temptation of threading humor through them.

One good example was a news story in a local paper that drew a verbal picture of how the long black Cadillac used by the Attorney General "ZOOMED" out of the underground garage below the Justice Department, "ZOOMED" down by the corner, where the Attorney General, who had "ZOOMED" from his office to the same corner, "ZOOMED" into the Cadillac, and the Cadillac "ZOOMED" to his hide-out. The story, however, did not contain any information as to when and if he was going to "ZOOM" back to his office and get to work.

Most of the others left town at a more moderate speed and without so much fanfare and trumpet blowing. That is, those connected with the Executive

Branch of the Government. Many of the columnists made no effort to hide their amusement as to what was going on incident to this operation. Some of them were rather humorous, while others were caustically critical. Even the editorials in the local papers were more or less apologetic.

Congress was not included in the invitation to evacuate, but it is generally felt that the failure to include Congress is not necessarily indicative of the feeling of the Executive Branch toward Congress.

Everything was normal on Capitol Hill during the entire festivities. At the time the super-super atom bomb devastated the city and all the surrounding countryside, Congress was debating a resolution to investigate the Federal Reserve. The debate was so heated and intense that the explosion was not even heard on the Hill.

However, word must have reached the Chamber before the vote was taken because the resolution failed. It was worded around that some members actually believed that the downtown offices had been wiped out and saw no reason for an investigation of something that wasn't there. The whole performance did prove one thing: You can't stop Congress from talking about investigating, even with an atom bomb.

Our biggest objection to the evacuation was that every time we tried to get information from the departments, it seemed that the boys with the knowledge had been evacuated. This even included some witnesses who were supposed to appear before my subcommittee on Mines and Mining.

Actually, a great deal more attention should be paid to Civil Defense, especially in the metropolitan areas of the East and Middle West. The problem, however, does not lie in the realm of trying to evacuate people from these cities.

If any foreign power decided to set off a devastating bomb in any of our metropolitan areas, they wouldn't do it by airplane. The citizens in those areas would have little, if any, notice.

In Washington, for instance, there are a number of embassies that are foreign soil insofar as our government is concerned. Any one of these could be employed as a situs to assemble an explosive agent that could practically wipe Washington off the map. No notice of any kind would precede such a catastrophe.

If the vehicle carrying the bomb was a guided missile, the chances are that it would be a matter of minutes between the notice of its approach and its explosion. When we assume that an enemy of this country is going to employ an airplane to attack our Capitol City, we are simply underestimating our enemies.

All of them know the extensive and practically complete defenses that we have set up. They realize the small chance that they would have of getting to their target by such an approach. One fellow was overheard to say that an enemy would not have to bomb this country. All he would have to do would be to run his airplanes in and out of our radar system. Every time the alarm was set off all of the cities would be evacuated. In this manner, the enemy could soon run us to death.

Adjournment

Everyone is trying to pick a date for adjournment. It ranges from July 15th to October 1st. Present indications are that we will get out sometime during the middle or latter part of August. We hope it is soon. The kids are anxious to get home and so are their mother and father.

### Plentiful Foods In Month July

COLLEGE STATION: Potatoes and ice cream are headlines on the USDA's plentiful foods list for July.

"In checking food stocks in this area to determine what should be on the plentiful list, we found supplies of fresh fruits and vegetables larger than any time since last fall," says John J. Slaughter, field supervisor, Agricultural Marketing Service.

They include limes, lemons, watermelons, cantaloups, tomatoes, green beans, cabbage, lettuce, beets and sweet corn.

Also, canned and frozen lemon and lime juice, small size dried prunes and pinto beans are in good supply.

Beef, frozen halibut, broilers and fryers are the only meats on the July plentiful foods list.

Milk and related dairy products as well as rice, land, vegetable fats and oils continue plentiful.

Rev. and Mrs. A. Bailey Duncan visited Monday night and Tuesday with his parents, Mr. and Mrs. A. B. Duncan, and aunt, Miss Johnnie Courtney. Rev. Bailey had driven to Borger Monday to get Mrs. Duncan who had spent a week with her parents. They returned to their home in Roston Tuesday.

Buy, Build, Live in Canyon!

## Bob Izzard Talked Tuesday at the Rotary Luncheon

Tuesday was a big day at the Canyon Rotary Club with 19 visitors present from West Germany, Argentina, California and Texas.

Floyd Hemphill introduced a boy from West Germany who explained the difference between East and West Germany, and the appreciation that the West Germans felt for aid given them by America. He could see no way open for a union of the two.

While Peron is Catholic and 90% of the people believe in the Catholic Church, the boy from that nation believes that the church and state should be separated. The general in charge of the army is a strong Catholic. He has heard nothing from home since the revolution, and therefore was unable to give a true picture of the situation.

Jack Walker introduced Bob Izzard as the speaker of the day. While we have had five years of small crops, the country has grown in spite of conditions. With this growth under such adverse conditions, what can we reach when we have good crops, he asked?

This is the day of opportunity. A few weeks ago we were all enthralled by the possibilities of getting the Cowboy Hall of Fame for Canyon. A man in Kansas City decided differently. But we still have the opportunity for growth, stated Izzard.

Pointing to the growth of Amarillo from the days of Colonel Thompson, the speaker believed that anything is possible in this land of great opportunity.

Visitors present were: Joe Gibson of Canyon; John Carroll of Santa Barbara, Calif.; Geo. A. Farlow of Midland; Neil Yows of Borger; E. H. Miller of Snyder; Don Blair, Walter Bateman, Vernon James, E. Kancher, Forrest Barnes, Bill Dooley, Robert Denman, Floyd A. Hemphill, Van H. Allms, C. W. Seibel, Roy Boger, all of Amarillo.

### POOR GRANDMA!

A clergyman at a dinner had listened to a talkative young man who had much to say on Darwin and his "Origin of Species."

"I can't see," he argued, "what difference it would make to me if my grandfather was an ape." "No," commented the clergyman. "I can't see that it would, but it must have made a great difference to your grandmother."

### SOME BREAK

The owner of the country newspaper went home to dinner, smiling radiantly.

"You must have had some good fortune this morning," greeted his wife.

"Indeed I did," announced the owner. "Jim Smith, who hasn't paid his subscription for ten years, came in and stopped his paper."

Bill Downing brought more than just fish from his fishing trip to Conchas Dam this past week-end. He brought back the skin of a five foot rattlesnake which he killed. The snake had some of his rattles knocked off but there are still 11 remaining. Bill says he had quite a fight with the rattler before he managed to pull him out from under a ledge and kill him.

Leo Rigsby will leave Wednesday night for Louisville, Ky., to attend his brother, James', wedding June 25. James and his bride will visit his parents, Mr. and Mrs. R. Rigsby, the first week of July.

"My father used to do a tight-rope act in the circus until he fell and hurt himself and had to quit."

"Wasn't the rope tight?"

"The rope was tight all right, but so was Pop!"

Professor (to student entering late): "When were you born?"

Student: "April 2"

Professor: "Being a little late must be a habit with you."

### CARD OF THANKS

Our words are feeble means of expressing our sincere thanks for the many kindnesses bestowed upon us during the illness and at the time of the death of our loved one. The beautiful flowers, comforting cards and food, the visits and your prayers helped to lighten our burden of sorrow. May God's richest blessings dwell with each of you. J. M. Breitling and children.

At this time I wish to extend to my friends and Neblett Hospital staff my sincere appreciation for kindness, care and flowers during my short illness. Also for the sympathy and flowers in remembrance of my niece, Ann Parker's, death in the car accident at Groom. May God bless you all. Mrs. Alfred Woods.

Gratefully acknowledging our appreciation to all our friends and loved ones for the kindness shown us during the illness and loss of our loved one, To thank each of you for the food brought, the floral offerings and the memorial contributions and to acknowledge to the doctors and nurses our appreciation to them for their courtesy. May God bless each of you. The W. J. Stewart families.

Dwight D. Eisenhower: "I still hope earnestly that the Soviet Union may join in the international effort to harness the atom for man's good."

"Oh, I know a few things," the hesitant student said.

"You're right," the professor replied, "you know as few things as anybody I know."

## Texas Viewpoint

In Washington

By PRICE DANIEL  
U. S. Senator

The Texas City disaster of 1947 is being related and relived before the Judiciary Committees of the Congress as they consider legislation to compensate the families of 570 persons who were killed and the 3500 who suffered injuries. Senator Johnson and I and Congressman Clark Thompson of Galveston have introduced bills for this purpose. Our bills were passed by the House and Senate last year, but the two Houses did not agree upon the final form of the legislation before Congress adjourned.

The United States Government has a responsibility in this matter because the ammonium nitrate fertilizer which exploded in Texas City harbor was manufactured and shipped according to government specifications and under the supervision of our government as part of our foreign aid program. This particular fertilizer was destined for France. Both the House and the Senate committees last year were convinced that the government officials were negligent in not warning those who handled this fertilizer of its explosive characteristics.

### Relief for the Victims

Since 1947 the families of the deceased and the injured have been trying to collect damages. They went through the courts up to the United States Supreme Court and were turned down on a technicality in the law. That threw the matter in the lap of the Congress. Although it will never be possible to repay in money the suffering caused by the explosions, the government, having set this chain of events in motion, owes a duty to do all it can. Every effort will be made to get prompt action on this measure to help the widows and orphans and those who bear

A motor rewind here has its full rated horsepower — the work is superlatively done by specialists and is wholly guaranteed. Regardless of type, size, make — we can service your electric motors perfectly, economically.

**Wirt Electric**

the scars of the effort of our country to help the unfortunates of the world.

Citizens of foreign nations injured in their person or property by reason of the acts of agents of our country are immediately compensated for their damages. The most recent example of this is the payment made to Japanese citizens injured as a result of the hydrogen bomb tests in the Marshall Islands on March 1, 1954. The United States on January 4, 1955, paid \$2,000,000 in damages to the Japanese government for the persons who suffered injuries as well as for the fishing interests which suffered damage as a result of many tons of fish proclaimed unfit for consumption because of radioactive content. We can do no less for our own people.

### Central Texas Military Affairs Committee

Roy Smith of Killeen and 14 other members of the Central Texas Military Affairs Committee were in Washington last week to discuss with the Secretary of the Army methods for the payment of damages to owners of land used in connection with maneuvers held at Fort Hood. Sometime ago Operation Longhorn, one of the largest maneuvers ever held, was conducted at Fort Hood and the surrounding territory. Many of the farmers in the area suffered damages to their land as a result of this activity and payment of damages was very involved and took too much time. At present representatives of the landowners in the area are trying to work out a way which will make it easier to permit the Defense Department to use this valuable Texas land for conducting the most important practice warfare which is necessary for the training program.

### Texas Promoted in Justice Dept.

David B. Irons of Austin, formerly of Fort Worth, was recently elevated to the position of top assistant to Warren Olney III, chief of the Criminal Division of the Department of Justice. Irons was my administrative assistant when I was Attorney General of Texas. Previous to his recent promotion he served as head of the Subversive Organization section which brought to trial actions against Communist front organizations before the Subversive Activities Control Board. During World War II Dave Irons and I served together in the Army. He was my top sergeant. After being elected Attorney General, I asked him to come to Austin to serve as my administrative assistant. After six years there, he came to Washington to head up the investigation of Communists and Communist front organizations. He has done such a good job in that capacity that in recognition of his fine work he was promoted to his present position.

Irons, his wife Kay, and 10-month-old daughter Karen Anne live just across the District line in Maryland. He is an excellent addition to the Texans serving their government in responsible positions here in Washington and will do a good job in the important place he now occupies.

### HOLLYWOOD INFLUENCE

The Manchester Guardian vouchers for this: A teacher in an infant school at Old Trafford admonished her tiny pupil, a movie fan, "Now, don't let me have to tell you again."

"O. K., Baby," was the child's reply.

Buy, Build, Live in Canyon!

## Defense Lawyers Treated Unjustly By the Public

One of the cardinal principles of American law is that a man is considered innocent until proven guilty by proper legal proceedings. Practically everyone pays lip service to this ideal, but many fail to realize that the right to be represented by counsel is a logical and essential corollary of that theory of justice. There is a good deal of criticism of attorneys representing defendants in criminal cases. Much of this criticism is unjust.

Should lawyers defend in court persons whom they know or have good reason to believe are guilty of the crimes charged against them? A recent scientific sampling of the attitude of the public in Texas toward lawyers and law problems shows that more than half of all persons interviewed thought it was wrong for a lawyer to defend such a person.

Such an attitude is rather startling to thinking citizens and members of the Bar. Surely the guiltiest criminal has a right to a fair trial by the law of the land. Such a trial he cannot have without a competent attorney to see that a fair jury is selected and that only lawful evidence is introduced against him.

With reference to this feeling on the part of a sizeable portion of the public, a certain District Judge who tries many criminal cases, and who served 18 years as a prosecuting attorney before his election to the Bench, recently offered the following comments:

"The result of this survey is no surprise to me, in that during my 18 years of prosecuting, this feeling has been made known to me by hundreds of persons.

"The feeling on the part of the general public in this regard is brought about to a great extent by the sincere efforts on the part of the defense counsel to see that his client receives the benefit of every legal safeguard to which he is entitled. These legal maneuvers are often misunderstood by the layman as an unethical effort to defeat justice, by delay of the trial, and by taking advantage of certain defenses that to the layman appear to be trivial technicalities.

"Attorneys are the only ones who can correct the erroneous feeling of the general public regarding the defense of one who appears to be guilty as charged. We attorneys should emphatically state to the inquiring person that it is one of the cardinal rights of the individual in a democratic society to be considered innocent until his guilt is established beyond a reasonable doubt by legal and competent evidence.

"The public must be brought to the realization that all who are

charged with crime are entitled to the expert counsel and aid of an attorney, and that the sworn duty of such attorney is to see that each protective legal right, to which the accused is entitled, is afforded him."

Now and then a lawyer will overstep the bounds of his duty in defending those charged with crime. When that happens, the legal profession is even more indignant than the public generally, and appropriate disciplinary proceedings are instituted where warranted.

### NEW ENSEMBLE

"I want a pair of red, open-toed shoes with low heels," said the tall blonde to the shoe salesman.

"To go with what?" asked the salesman.

"A short office manager," said the tall blonde.

### GOOD REPORTING

Reporter — What shall I say about the two peroxide blondes who had a fight at the baseball game last night?

Friend — Why, just say the bleachers went wild.

### THE STATE OF TEXAS

To any Sheriff or any Constable within the State of Texas—GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper in Randall County, Texas, the accompanying citation, of which the herein below following is a true copy.

### CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: Jimmie M. Brockwell, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 7th of June A.D. 1955, to Plaintiff's Petition filed in said court, on the 7th day of June A.D. 1955, in this cause, numbered 2948 on the docket of said court and styled Adelia T. Brockwell, Plaintiff, vs. Jimmie M. Brockwell, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: A suit for divorce, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under the seal of said court at Canyon, Texas, this 7th day of June A.D. 1955. Attest: MAVIS HILL, Clerk, District Court Randall County, Texas.

(SEAL)

### SPEECHLESS

A seaisick couple lay stretched out in deck chairs somewhere between life and death. Meanwhile, their young son became more rowdy by the minute. Finally, the mother mustered voice enough to say: "John, I wish you would speak to Willie."

The father, unable to lift his head, said feebly, "Hello, Willie."

### OVER-STIMULATED GROWTH

Victim (to his barber) — Your confounded hair restorer has made my hair come out worse than ever.

Barber—Ah, you must have put too much on it, sir. Made the hair come right out, instead of half way.

"Jack and I have parted forever."

"Good gracious. What does that mean?"

"A five-pound box of candy in about an hour."

Anthony Eden, British Prime Minister: "You can negotiate with the Russians fairly if you are united together with your friends. If you are divided, you haven't a hope."

IS  
A GOOD  
QUALITY

In this age of jets, hasty decisions often are the rule. But when buying insurance, old-fashioned caution still is a good quality.

Buying cautiously begins with your choice of an Insurance Agent. Select an established agency operated by a home-town citizen of experience, integrity and professional ability.

Be sure, too, that your Agent represents only Capital Stock Companies... companies whose policies are recognized everywhere as the "standard of protection." Look for the famous "Standard Protection Seal" that is always displayed by the Capital Stock Agent. It's your guarantee of the right kind and amount of dependable insurance at reasonable cost.

Yes, caution is a good quality when you buy insurance. Be cautious and be sure. Insure with:

## Get into the Fine-Car Class...

STAR CHIEF CUSTOM CATALINA

... at a cost you can easily afford!

What is a fine car? What sets a certain few apart in the world's esteem... wins them first place in most people's desire?

First and foremost, a fine car is a style-setter—a real advance in smart appearance.

Naturally, it's also a pace-setter—a fundamental forward step engineering-wise. At the wheel you should know that you've reached the peak of performance—experienced an all-new kind of flashing, vigorous, smoothly delivered power.

There's more, of course. It must be enviable for sheer luxurious comfort, for restful roadability, for thought-quick handling ease.

And it must, above all, be wholly dependable,

for only a trustworthy car can be called "fine."

If this meets your definition of a fine car and you want it, there's nothing in your way. For this description is right off the Pontiac score sheet—a short but perfect picture of this big, powerful, future-fashioned car. And Pontiac's prices fit comfortably into anybody's new-car buying plans!

Come in for the rest of the reasons why this is the fastest-selling Pontiac in history—such as the inside story of America's most modern and efficient automotive power plant, the sensational Strato-Streak V-8. And get the trade-in appraisal this great success permits. We're sure we can prove that now's your time to move into the fine-car class!

### STRATO-STREAK POWER!

Here is the heart of Pontiac's terrific performance—the all-new, ultramodern Strato-Streak V-8! This masterpiece of engine design will deliver up to 200 horsepower with Pontiac's 4-barrel carburetor, an extra-cost option. See an in, take the wheel and see what Strato-Streak really means!

## NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS  
OF THE 18TH CONGRESSIONAL DISTRICT

### Executive Hearings

Executive sessions of committees are not held for the purpose of hiding anything from the public. Some people think that such is the purpose. If the information to be gathered is of a highly classified variety, the committee session will be executive or secret for the simple reason that the country's interest is at stake and must be protected.

There are other committee sessions that are executive in nature, but these are not intended to keep information from the public. They are executive for the reason that much more work can be accomplished in assembling the facts and information that has been gathered together in public sessions.

The final draft of the legislation being worked on can be prepared and submitted to the full congressional membership with the least possible delay. The legislation is then debated on the House Floor, and this debate is open to the public at all times.

Many people are beginning to wonder why there is any sense in holding executive sessions, because it seems that everything that transpires in one is published in the newspapers within a few hours after the meeting is closed. How the columnists and radio commentators obtain their information has long been a mystery to many.

Usually they come forward with a complete recount of what transpired at a secret White House meeting, or at an executive session of a committee of the Senate or House of Representatives, or a secret meeting of lobbyists held in some hotel room. I am frank to tell you that I don't know how they get the information, either.

Only recently during the gas hearings when we were in executive session trying to finish the bill and get it ready for debate in the full House, a vote was taken. We were in executive session and no one was supposed to know about the vote.

However, within 30 minutes after I had returned to my office, I had a telephone call from a party who asked me about the committee's action. I told him that it was an executive session and that I was honor bound not to give him any such information. I told him to confer with the Chairman of the committee who would act as spokesman for the committee members. He told me that he did not want to talk to the Chairman because he had all of the information he needed, and proceeded to tell me the exact issue on which the vote was taken, the exact vote, and even named the members who voted for the proposition and those who voted against it.

He was mistaken only in one particular, and that concerned an absent member. He asked me if I would tell him whether or not his information was correct. I told him that I could not violate a confidence concerning others, but that I would tell him how I voted on the proposition as an individual if he wanted to know.

As I said before, I don't know how he got his information, but it was certainly pretty close to the truth. Personally, I have never refused to divulge how I voted on any issue and do not intend to so refuse. However, I have enough business to attend to without attempting to attend to the business of other members. I am sure that they appreciate their right to speak for themselves just as I do.

Certainly, that right in each member should be honored. If any of you can find out how some of these folks get the information that they come up with, I wish you would let me know. I am sure it would be most interesting.

## FALSE TEETH That Loosen Need Not Embarrass.

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Accident insurance is mighty good insurance for Dad to carry.

## Sports Quiz

1. Who is the new manager of the S. Louis Cardinals?
2. What was his former job?
3. Who is Warren Hacker?
4. As of June 1st, name the teams which led the two Major Leagues.
5. What horse won the Preakness?

### THE ANSWERS:

1. Harry Walker.
2. Manager of Rochester, Cardinal farm team.
3. Chicago Cubs pitcher.
4. Brooklyn (NL) and New York (AL).
5. Nashua.

### LOST CAUSE

After a convivial evening with friends, he was making his weaving way home when he ran into a tree. Cautiously he backed off and tried again. Again, he collided.

Tightening his jaw, he made another attempt; then another. It was no use. Each time his wobbling feet brought him back up against that tree. Finally he sank to the base of the tree, a dejected huddle, muttering: "Losht, losht, in an impenetrable forest!"

### SAFETY FIRST

Having noticed that his Scottish guide usually went bareheaded in all sorts of weather, the London sportsman made him a gift of a fur cap, the kind that has the heavy ear flaps for extra warmth. On his next visit to the hunting lodge, in the middle of winter, in the Highlands, he asked the old Scot how he liked the cap.

"I have not worn it since the accident," was the gloomy reply. "What accident?" his benefactor queried.

"Jock McLeod offered to buy me a drink," sighed the guide, "and I didn't hear him."

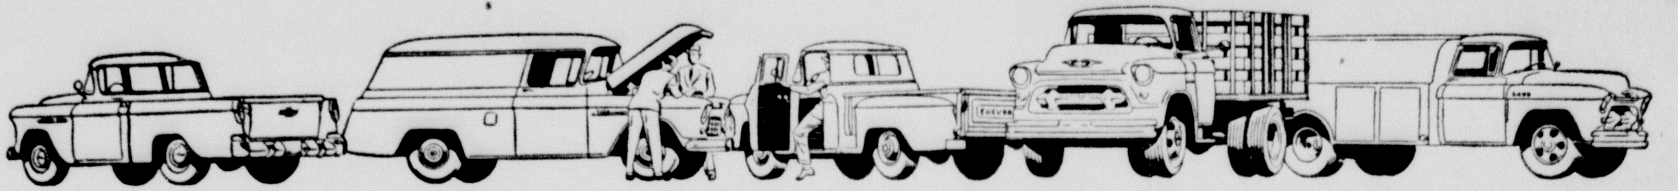

### ORDER FILLED

The old lady went to a tombstone cutter's office to order a stone for her husband's grave. After explaining that all she wanted was a small one with no frills, she told him to put the words "To My Husband" in a suitable place.

A few days later she went to see the stone and saw:

"To my husband  
In a suitable place."

# MOST Modern V8 FOR YOUR JOB!

## NOW...THE SHORTEST STROKE V8's

## IN ANY LEADING TRUCK!

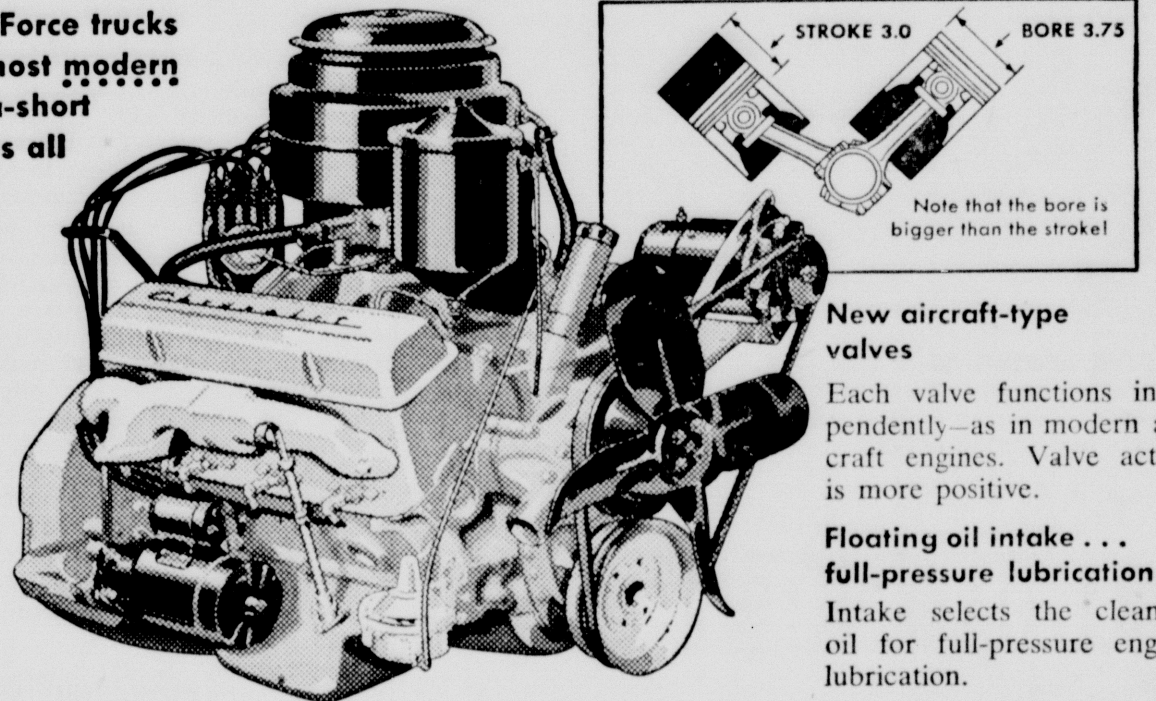

Now new Chevrolet Task-Force trucks bring you the industry's most modern V8\* engines with an ultra-short stroke for longer life—plus all these great advances.

### Modern 12-volt electrical system

You get double the punch for quicker starting and more efficient ignition plus a greater electrical reserve.

### Gas-saving high-compression ratio

With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power out of every tankful of gas.

### New aircraft-type valves

Each valve functions independently—as in modern aircraft engines. Valve action is more positive.

### Floating oil intake . . .

full-pressure lubrication. Intake selects the "cleanest" oil for full-pressure engine lubrication.

\*V8 standard in the new L.C.F.'s, an extra-cost option in all other models except Forward-Control.

# NEW CHEVROLET Task-Force TRUCKS

CHEVROLET Year after year, America's best selling truck!

# IMPERIAL CHEVROLET COMPANY

## Sports Quiz

1. What American League team won the pennant in 1945?
2. What National League team won the pennant that year?
3. How many times was Native Dancer beaten?
4. Did Gene Tunney ever fight Tom Gibbons?
5. Can you recall the golfer who beat Bobby Jones in the National Open in 1925?

### THE ANSWERS:

1. Detroit.
2. Chicago. (Detroit won the Series, 4-3).
3. Once, in the Derby.
4. Yes, he knocked Gibbons out in the 12th round.
5. Willie MacFarlane, by one stroke.

### PLAIN LANGUAGE

He swaggered into a hotel elevator as it moved upward. He tried to impress the pretty young operator, but she wasn't having any, thank you. Finally, moving a little closer, he cooed, "I'll bet all these stops and starts make you mighty tired."

"No, I really don't mind the stops and starts," she said icily. "But I sure do get tired of the jerks."

### OVER THE DOORS

"So you're a painter?"  
"Yep."  
"Paint houses, I presume."  
"Nope, paint men and women."  
"Oh—I see, an artist."  
"Nope, just paint 'Men' over one door and 'Women' over the other door."

### EXTREMELY LIGHT CONDUCT

"Twenty years ago, Madge had a notorious affair with a man, and now she's mixed up with the same man's married son."  
"That's what one might call burning the scandal at both ends."

### HARD LUCK

Mrs. Newlywed: "We hadn't been married a week when he hit me with a piece of sponge cake."  
Judge: "Disorderly conduct. Five dollars and costs."

Mrs. Newlywed (softly sobbing): "And I'd made the cake with my own hands."  
Judge: "Assault with a deadly weapon — one year."

### FOOD FOR THOUGHT

Wife (reading from an insurance pamphlet): "A large percentage of the accidents occur in the kitchen."  
Husband: "Yes, and what's worse we men have to eat them and pretend we enjoy them."

### POINT OF VIEW

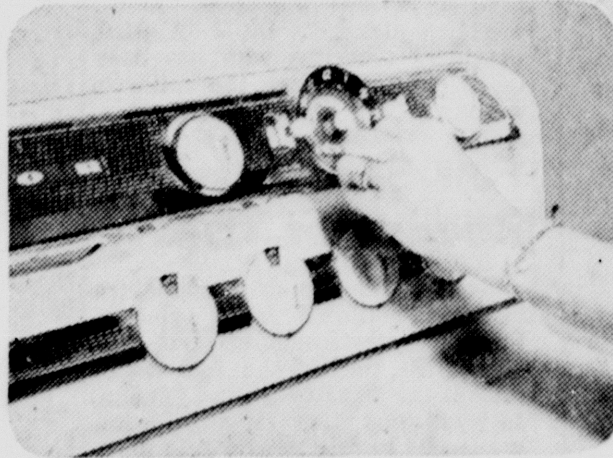

"Jack Huggins said at the dance last night that I reminded him of a dainty flower."  
"A number of others spoke of you as a wall flower."

# "Like having another person in the kitchen!"

says Mrs. C. E. McCOY  
GOLF COURSE ROAD  
SLATON, TEXAS

"Baking in my electric range is so easy. Safe and clean, too." Reddy Kilowatt, that "extra person" in Mrs. McCoy's kitchen comes in on a clean copper wire. He's flameless and funless, too, so both safe and cool.

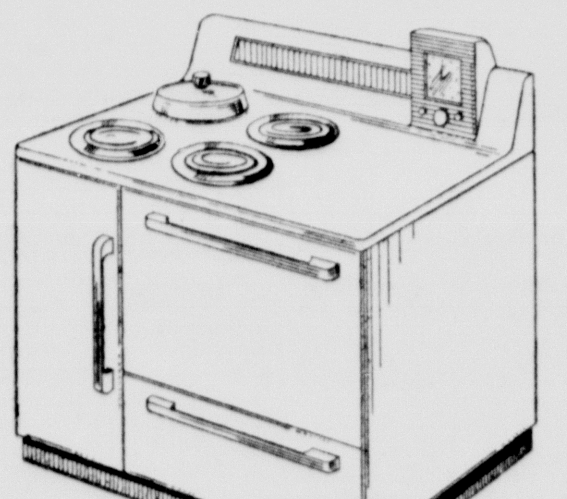

"No more cake failures with my accurate automatic electric range, oven." Reddy watches your oven for you because electric range heats are accurately pre-set. Ovens are completely insulated — on all six sides — which means all the heat is used to bake the cake — not the cook.

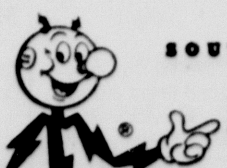

"There's no comparison — electric cooking gives perfect results every time." The good cook? She becomes a better cook when she uses an electric range.

"Keeping my family happy is no problem with cakes like this from my new electric range." Happy living? Of course, it's electric.

See your Reddy Kilowatt Dealer soon and see for yourself, that the best—the modern — way to cook is electric.

## Just Between You, Me . . . and the Gatepost

By Lawrence Hunnicutt

Everybody of this area who enjoys the Howdy-Doody show on television will have an opportunity to see one of the members of this cast in person tomorrow. The real flesh and blood character who is coming is none other than Clarabelle Clown. It is known that he will stop in two places in Canyon. One of them, Cooper's Market, will be the stopping place for the clown at about 10:30 tomorrow morning. After stopping here the nationally famous clown who is often seen but seldom heard, will go on down to the Taylor & Sons Big Country Store. Howdy-Doody fans may get a big bang out of this or perhaps we should say a big squirt, Clarabelle is that character who carries a seltzer bottle around with him.

Tommy Lair and his force have enough work to do to keep them busy for several days. Tommy said Saturday that they had 7,500 cards to write and mail out. These cards are not the kind you can run off rapidly either. They all have different property descriptions on them which means all must be individually done. In addition to this work there's the addressing of the cards which is no small job for this many cards. Because of the nature of the work it is easier to do the cards by hand and that's the way they were doing them Saturday. Getting out those cards and doing the other work of that office is going to be one big job and the cards must be mailed by July 1.

A lot of people about the square sort of miss Charlie Donnell since he spends most of his time down around the Varsity. We've been trying to get a story from Charlie about the recent City Club Golf tournament but haven't been able to get the time when Charlie had time. It must have been quite a tournament though, nobody seems very eager to talk about it.

Clark Jarnagin came in Saturday afternoon and gave the building and personnel a resounding "hello." Then in about 30 seconds the building stopped vibrating and things got almost back to normal. It is sure nice to have someone like Clark drop in every now and then. Sort of lives up a place. Jack Jennings was with him Saturday and after the two of them finished their business and left, the building sound seemed quiet. Even the air conditioner didn't seem as loud as usual.

According to the calendar this is the longest day of the year. After today the days will begin to get shorter and in just eight days half of 1955 will be history. Perhaps it's a good time to stop and think. Have you accomplished half of the things you planned to

accomplish at the beginning of the year? Or if you haven't broken more than half of your new year's resolutions you have probably accomplished more than most people. At any rate it's been a nice year for some perhaps not so nice for others but as strange as it seems, you'll be planning holiday seasons and Christmas shopping in the not-too-distant future.

Columns, like the years, have a way of coming to an end. Here we are, once more right down to the nub, which is another way of saying, "we're smack in the middle of the corn department."

One cutie to another, "How come Bill and Tillie never get married?" Other cutie, "She won't marry him when he's drunk and he won't marry her when he's sober."

If you want to get rid of someone, tell them something for their own good.

### Wayside News

Rev. Merle Weathers filled his regular appointment Sunday.

The new Methodist preacher and wife, Rev. and Mrs. Leatherwood, have moved in the parsonage at Vigo Park. Rev. Leatherwood filled his regular third Sunday appointment at the Wayside church Sunday.

Mrs. Leroy Roberts, Mrs. Guy Watson, Mrs. John Culwell, and Mrs. Howard Priest attended the sub-district No. 2 WSCS meeting in Plainview June 16. Mrs. Leatherwood also attended the meeting.

Mr. and Mrs. E. C. Franklin are still vacationing in Colorado and visiting in Durango with the Bob Bruners.

Mrs. Charles Kennedy was a Tulsa caller Thursday morning.

Mr. and Mrs. Joe Rogers attended the tent revival in Canyon Wednesday night. The evangelist, Bonnie Clay Wesley of Patterson, Calif., is a cousin of Mrs. Rogers and a step-brother of Mr. Rogers. Mr. and Mrs. W. R. Franklin have been attending the tent revival in Canyon.

Mr. and Mrs. Cecil Williams of Dumas visited his sister and family, the Raymond Strohmeysers, last Sunday.

We were sorry to hear of the death of John Currie in California. He was well known in this part of the country as he formerly lived here.

Mr. and Mrs. Fred Roberson and son, David, of Dallas are week-end visitors in the Leroy Roberts home.

Mr. and Mrs. Willie Modisette, Marian and Fay, are visiting his parents and other relatives in and around McAlester, Okla.

Mrs. Viola Stockett visited her parents, Mr. and Mrs. J. M. Malone in Amarillo, first part of last week.

A/1c and Mrs. Robert Gusa and Mike of the Amarillo Air Base spent the week-end in the parental E. J. Mahler home.

### Spectators Take Certain Number of Risks in Games

The outlook wasn't very bright for the home team with the score tied, two opposing players on base and only one out. "Spec" Tator, a rabid fan, leaned forward on his seat in the left field bleachers. The pitcher got his signal, the ball sped toward the plate.

Then came two sharp cracks. The first was the bat on the ball. The second was the ball on Spec's head. Spec was seriously injured.

To recover damages for his injuries and medical bills, Spec filed suit against the baseball club. He charged it with negligence in failing to put a wire screen in front of the bleachers where he sat and in failing to warn him that batted balls might come into these bleachers and injure him.

But the court said, "No" to Spec. He had chosen to sit in the unscreened bleachers in preference to sitting behind a screen where the tickets cost more. Therefore, he had "assumed the risk" of being hit by a batted or thrown ball during the playing of the game. No recovery was allowed.

In such cases, the courts say that the spectator is an invitee to whom the invitor (the ball club) owes the duty to exercise ordinary care to render the premises reasonably safe for him.

"But," say the courts, "the invitor is not an insurer of the safety of the invitee; neither is the invitee protected against all hazard, nor relieved of all duty to himself for his own safety. And to the extent that the duty of self-protection rests upon the invitee, the duty of the invitor to protect is reduced."

The same rules as to "assumption of risk" are applied to most places of amusement and amusement devices. A swimmer must anticipate that a diving board will be wet and slippery. A person who rides on an amusement device and sees flying sparks takes the chance that a flying spark may strike his eye.

And one who goes upon a revolving floor device for the purpose of being thrown from it, accepts the dangers inherent in the sport so far as they are obvious.

On the other hand, if the danger is not apparent or obvious, the operator of the device has a duty to warn the rider or spectator. It is the ordinary risk that is assumed, not the unusual. Where, for example, a device was operated on a particular occasion at an especially fast speed so that it jerked and jolted violently, a rider who was injured by these unusual conditions was permitted to recover.

A patron of a place of amuse-

ment is entitled to be protected from hidden dangers, but he cannot go into a place of danger which he appreciates and understands, and then recover damages if he is injured.

### WAYSIDE H. D. CLUB MEETS WITH MRS. W. R. FRANKLIN

The Wayside Home Demonstration Club met with Mrs. W. R. Franklin Thursday, June 16, at 2:30 in the afternoon. Mrs. Wiatt Heisler, vice-president, presided in the absence of the president.

Mrs. Floyd Adams offered the prayer. The secretary read the minutes of the last meeting and called the roll. Mrs. Floyd Adams gave the council report and told of a lecture by the judge they heard on women serving on juries and various other court procedures.

Mrs. Wiatt Heisler gave the instructions on teen-agers as they become voting citizens.

Refreshments were served to

Mesdames Wiatt Heisler, Henry Hamblen, Floyd Adams, Amanda Adams, James Bible, C. D. Rogers, Bill Allen, A. J. Newsom, Durwood Creek, and several children and the hostess.

Next meeting will be at the church July 8 at 2:30 p. m. Trans-parent painting on glass will be the subject. All who want to make a picture bring a brush and a picture frame with a glass in it.

### VARIETY RING MEETS

Variety Ring met June 16 in the home of Mrs. P. L. Pitts with Mrs. W. T. Rice as co-hostess.

Eula B. Harding, president, opened the meeting with this thought for the day: "You are what you think—not what you think you are."

This being the last meeting until the family picnic on August 4th no needlework was done.

Number games were played with Dixie Harding, Thelma Burtz and Modena Barker winning prizes.

Fifteen dollars was given by the club to the city park fund. Flowers were sent to a sick member.

Roll call was answered with something each remembered about her father by Rae Walters, Jewel Marshall, Roxie Hammons, Mary Hutchinson, Estell Rice, Margaret Cole, Dixie Harding, Gladys Pitt, Eula B. Harding, Thelma Burtz, Olean Hood, Lydia Matsler and Modena Barker, members, Carla Sue and Connie Lou Snyder and Jennifer Slagel, visitors.

There are two sides to every domestic argument: the winning side and dad's.

## Estelle Friemel Weds Norman E. Gilmore, Jr., in Simple Rites

In an early morning ceremony, in St. Mary's Church, Umbarger, June 16, Estelle Marie Friemel and Norman E. Gilmore, Jr., were united in marriage, in a simple ceremony performed by Father William Hammond, of St. Ann's Parish, Canyon. Estelle is the daughter of Mr. and Mrs. Charles Friemel, of Umbarger, and Norman is the son of Mr. and Mrs. Norman Gilmore, Sr., of Vevay, Indiana.

Immediately following the ceremony, Estelle was presented a statue of the Blessed Mother, by the Sodality, and after saying the Memorare before the Blessed Virgin, she presented our Lady with a flower. Misses Bernice Grabber and Mary Janssen presented the statue to the bride.

"On this Day O Beautiful Mother" was used as a processional, with interludes of "Hail Queen of Heaven" and "O Sanctissima" played during the marriage. Organists were Mary Janssen and Mary Phyllis Beckman. Recessional was a traditional wedding march.

The bride, attired in a white lace over satin wedding gown, was given in marriage by her father. Her dress was made of satin, with a lace bodice, and long lace sleeves that tapered to petal points below the wrists. The skirt was fashioned with full gathers below the waist, and alternate panels of lace and net, over a satin underskirt. The full bouffant skirt was held out by a large hoop, and the bride chose a cathedral train to complete her attire. Her shoulder length veil was of net, set to a crown of sequins and pearls, and contained a bluish veil, which was removed after the service.

Maid of honor was Charlene Friemel, sister of the bride, who was attired in a blue nylon, party length gown. The dress was fashioned with a shirred, fitted bodice, and full gathered skirt. The top had a draped shawl collar, with a heart shaped rhinestone pin on the shoulder. The two bridesmaids and witness were attired in identically fashioned gowns of pink nylon. Their dresses were styled like the maid of honor's.

Bridesmaids were Misses Margaret Friemel, Romilda Gerber, and Betty Hoffman, all cousins of the bride.

Groomsmen were Donald Petrose and Jerome Friemel, cousins of the bride, and Charles Shaddock, friend of the groom. Ushers were Tommy Albracht and Roman Friemel.

Mr. Gilmore is stationed at Amarillo Air Force Base and is classed as Airman Third Class. Estelle was a former student of Umbarger High School. After July 1, the couple will be at home at North Barton Street in Amarillo.

## Former Citizen of Happy Is Killed

Funeral services were held in Salinas, Calif., for John R. Curry, 54, former resident of Happy. He died of injuries suffered when he was dragged from his horse during a rodeo performance.

Curry was a professional rodeo performer before moving to California 25 years ago. According to reports, he was racing his own quarter horse, when his trousers caught on a fence post dragging him from the animal. He was thrown to the ground and suffered a fracture and dislocation of the right shoulder and a fracture of the right wrist.

Survivors include the widow, Mrs. Thelma Curry, Salinas; and four brothers, M. L. of Amarillo, A. M. and Joe Curry, Canyon; three sisters, Mrs. I. H. Hollobaugh of Canyon; Mrs. O. M. Dalton and Mrs. Lavert Avent of Amarillo.

He is also survived by two daughters in California and another in Mangum, Okla.

It was a national convention and delegates from every state in the Union were there. There had been the exchange of stories, each one a little bigger and a little better. They were now talking of the large fish they had caught. The delegate from TEXAS was strangely quiet.

"You mean you don't catch no big fish in Texas?" exclaimed one of the delegates from cool Colorado.

"Well," said the TEXAN in his famous drawl, "About the largest fish I ever caught down there was 12 inches . . ." He paused as the group looked at him in amazement. "Course, in Texas we measure our fish between the eyes."

Time to me this truth has taught (Tis a treasure worth revealing).  
More offend by want of thought Than from want of feeling. — Charles Swain.

Hoover Commission Report: "It would be false and dangerous economy to hold the research and development appropriations at a level too low to permit a volume of effort essential to effective (defense) programs."

"My hair is falling out," admitted the timid man to the chemist. "Can you recommend something to keep it in?"

"Certainly," replied the obliging chemist. "Here's a cardboard box."

Revised editions of the Holy Bible, leather binding, \$10; cloth binding, \$6; at Warwick's. tf

## Presbyterian Church at Happy Remodeled

The remodeling of the First Presbyterian Church at Happy has been completed and worship services were conducted in the church Sunday. The church has been completely remodeled inside, reversing the entrance to the rear on the north, with the pulpit and choir at the south end. Carpeting has been laid and indirect lighting installed. A steeple and spire around the street side and stained glass windows, replacing the old ones, installed.

Dedication services will be held Sunday, June 26, following a week's revival through this week, with Rev. C. B. Yeagan conducting the services morning and night.

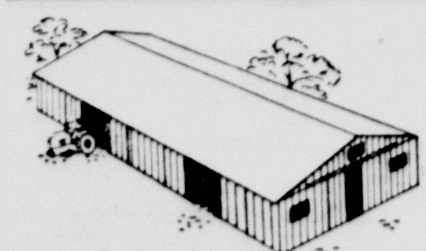

Hostess (to a little boy at a party): "Why don't you eat your jello?"

Little boy (watching jello closely): "It's not dead yet!"

## Safety Rules Are Given for Fourth of July Driving

What is the death rate in this country? Your own speedometer may give you the answer.

That advice to motorists who try to drive too far too fast on holidays was issued by the National Safety Council, which is coordinating a nationwide campaign aimed at reducing traffic accidents over the Fourth of July week-end. One hundred and sixty national organizations are participating in the campaign.

The Council estimates that more than 40 million vehicles will be on the move during the three-day week-end and that they will roll up more than three billion miles.

In such heavy traffic a driver is never more than a second away from an accident, the Council says. It is estimated that he must make from 20 to 50 decisions an hour — and a wrong one can be fatal.

Over the Memorial Day week-end, 368 persons were killed in traffic accidents. "If they had died in a nationwide epidemic the whole country would be taking frantic steps to see that it never happened again," Ned H. Dearborn, president of the Council, said. "But they did die from an epidemic — a highway epidemic we might call the three 'Ts' — incompetence, indifference and irresponsibility!"

"Their deaths are a tragic reminder that too many of us have forgotten to use the Golden Rule in traffic. When we share a common highway, we are our brother's keeper in a very real sense. I believe the Memorial Day toll could have been cut in half if that attitude had prevailed more generally."

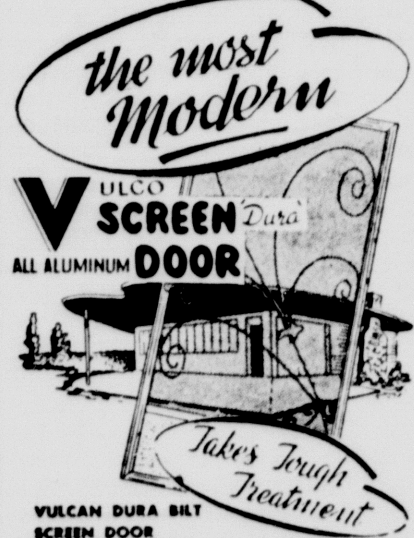

For a safer Fourth, the Council offers four driving tips:

1. Start early, before traffic is heavy. You can cover a lot of miles in relatively light traffic early in the day.
2. Don't compete in traffic — let the other fellow go first.
3. Don't follow the car ahead too closely. Double check before passing or changing lanes.
4. Above all, don't speed. Losing a little time is better than losing your life.

# Around the Town..

(By Mrs. Clyde W. Warwick)

Mrs. Bryce Slack who won "Cook of the Month" for May appeared on Miss Mack's program last Tuesday.

Mrs. Slack, daughter of Mr. and Mrs. K. B. Goodman, is in summer school doing work on her Master of Education degree. Mr. Slack, son of Mr. and Mrs. Burney Slack, is principal of the Vega Schools. He will be in school in Austin later in the month working toward his master's degree there. The Slacks have two children, Lynette Leigh, 19 months old, and Michael Perry, six months old. Mrs. Goodman is baby sitting for Shirley this summer and she is enjoying that.

Mrs. Slack gives us the two recipes with which she won the "Cook of the Month."

**Salmon steak with tartar sauce:** Cover fish with milk and soak 5 minutes. Drain. Salt well and place in 425 degree oven.

**Brush with tartar sauce:** 1/2 cup Mayonnaise, 2-3 tablespoons ketchup, several drops tabasco sauce, 1 tablespoon prepared mustard, 2 tablespoons Worcestershire sauce, 1 TB Bar-B-Q sauce (smoke flavored), Garlic sauce, 3 fresh onions sliced and diced very fine, 1/2 dill pickle diced or use 2 tbs. pickle relish. Serve fish with more of the sauce. This sauce keeps well in the refrigerator.

**Corn Meal Lemon Pie:**

1 1/2 cups sugar, 1 tbs. yellow corn meal, 1 tbs. flour, 4 unbeaten eggs, juice of 2 lemons, grated rind of one, 1/4 cup of butter, 1/4 cup milk.

Mix altogether well. Place on stove and cook for just few minutes. Pour into an uncooked pie shell and bake 35 minutes at 375 degrees.

Thank you, Mrs. Slack, for letting us have these recipes.

And there are luxuries no living person can afford; idleness, carelessness, gossip, anger, envy, fear, jealousy, and hatred.

The Presbyterian Church of the U. S. A. in its 167th general assembly at Los Angeles voted to submit to the church's 256 Presbyteries the question of allowing women to be ordained ministers. They had brought up the question in 1929 and 1946 but both times it was defeated. This time it met with some opposition, but was passed. It is thought likely women will be admitted to the ministry of the nation's largest Presbyterian body within two years.

I know several women who would make excellent ministers.

With the coming of summer and the flourishing of weeds, Canyon, like every other town, regardless of size, is confronted with the vacant lot problem. These vacant lots that are allowed to grow up in unsightly and unhealthful weeds become a menace to health and detract from the appearance of the town.

It should be so that the city could hire crews to care for these vacant lots and assess the upkeep of them against the property. There is nothing right about allowing them to become a menace to the neighborhood. We think property owners would endorse whatever is necessary to keep these vacant lots free from weeds and trash.

I did not give the street address of Mr. and Mrs. Hugh T.

Greiner's new home. It is at 110 North 28th Street.

If you can afford only one playing thing this summer for your children it is said by "authorities" that that one thing should be a SAND-BOX.

No other medium of play equals the sandbox for happy, creative, quiet, socialable hours of play. It is safe, it is easy to construct, in fact the children six years old will be able to build one themselves.

The possibilities of the sandpile are infinite. Little boys can dig tunnels, make roads, build forts. The little boys of our neighborhood built some forts in our sandpile and told me they had been offered a million dollars to build forts like theirs all over the world, but they didn't want the money. If they had that much money someone would rob them so they were going to build them free. Little girls can build castles, make cakes, cookies and pies, or both can just shovel or cover their toes with sand. There seems to be no end to the things they can think up to do.

Dudley Bayne tells me they have provided sandboxes at the city park near the playgrounds for the small children.

There seems to be something quieting and satisfying in sand for children. They will play with it by the hour with very little fussing.

Canyon is a rapidly growing city. Just drive around town and see the numbers of new homes that have been built in the last few years and the many that are now under construction. It is to be hoped that our friendliness will keep pace with our growth. That the spirit of helpfulness that has always characterized our town will not be lost, but rather grow with our increased numbers. For it is the friendliness and helpfulness, the good neighborliness of the little towns that make them such desirable places to live.

Mrs. Henry Bradford's guests left Saturday. Her sister, Mrs. Stella McClary, of Etowah, Tenn., and her cousin, Mrs. Maggie Moore, from Calhoun, Tenn., have been visiting with her and her family.

Mr. and Mrs. A. A. Clark who live at 2501 7th Ave. are building a breezeway between their house and garage.

The Church Bible Schools are nearly over. Much good has been done by those who have given of their time and ability to help in the giving of Christian training to the youth of Canyon. Someone has said that the world marches forward on the feet of little children. Time spent in the training of youth—tomorrow's citizens, tomorrow's leaders is never lost and Canyon owes a debt to those who have worked in this field. Our future depends on how we nurture and guide our children and youth.

The new home just south of Roy Byrd's overlooking the new city park is Mr. and Mrs. Edwin "Sonny" Kuehn's home. It is finished with a light brick with brown and cream trim and has a brown roof. It has a living room with a dining nook, den, kitchen, two bedrooms and bath.

The cotton's growing tall and lush in much of Texas right now as another cotton season gets under way in the Lone Star State, the largest cotton producing state.

Texas cotton farmers stand to make a good crop this year if favorable conditions continue. And it looks like production will be good over most of the cotton belt.

The first cotton crop estimate of the Department of Agriculture will not be issued for several weeks but USDA officials are alarmed about the cotton situation.

Texas farmers can definitely expect several proposals to change the cotton support program. One gaining favor with cotton leaders from over the South is for greatly increased acreage allotment at a reduced support price of around 62 per cent of parity.

The Texas Beef Council has just completed a short motion picture titled "Pot Roasts—Plus!" It shows how any housewife can make three separate and different meat dishes from a single economy pot roast. Any Texas Beef Council County Chairman, County Agent or Home Demonstrator can obtain this film.

The Texan who heads the American Jersey Cattle Club, D. T. Simons of Fort Worth, believes there is great opportunity for breeders of purebred Jerseys in the West.

He said they have spent 50 years improving the quality of their cattle and pointed out that only recently a shipment of 450 Jerseys was made from the western states to Japan. He thinks the export market offers a good many opportunities.

A Panhandle 4-H Club boy sails from Quebec this month for the Middle East to take part in one of the most profitable foreign study programs which this country has ever undertaken.

He is George Cecil Reiger of Perryton who goes to Iran as part of the International Farm Youth Exchange program.

In Iran he will live on farms, work with farm youth groups and generally work to improve the understanding between the farm youth of that nation and the youth of America.

Texas probably will get one of the 50 pilot county projects which will be established soon to study the problems of low income farmers.

Nearly 40 counties in East Texas are included in the area which has been designated by economists as sections where farmers are not making a living wage off their land. The Southeastern states have the largest land area in this program.

T. Roney of the Gertrude community in Jack County has decided that it's pretty profitable to carry along a sprayer full of 2, 4, 5-T mixed with diesel oil when he travels across his pastures.

Mr. Roney saw the prickly pear really spread out in his pastures during the dry years. But he has found that a shot of the herbicide does the job of control, and that he doesn't have much trouble doing it when he just shoots spray on a pear every time he runs across one.

Mrs. Kuehn is bookkeeper at the Nebblett Hospital and Mr. Kuehn is an excavation contractor. They have a ten year old son, Ralph, who is delighted with the location so near the city park. The home has a wood-burning fireplace.

Mr. and Mrs. M. D. Shepherd and small son, Curtis, and their niece, Marie Dowlen, have been visiting in Memphis, Tenn., with Mrs. Shepherd's brother, W. J. Alexander and family. The Shepherds are also touring Tennessee. They returned Saturday.

Mr. and Mrs. John Marvin Fite and two daughters, Carol, four years old, and Leta, three years old, will be leaving Canyon about July 1st to live in Palestine, Texas, where Mr. Fite will be manager of a grocery store owned by his brother, John Charles Fite. Marvin has been with the post office in Canyon. Both Mr. and Mrs. Fite have been active in church and civic work in Canyon. Mrs. Fite, daughter of Mr. and Mrs. George Small, has been teaching a Sunday School class of 12 year olds in the Baptist Church and the Ruth Class, of which she was a member, honored her with a coffee, held at the home of Mrs. Wayne Wirt Mrs. Carroll Vaughn. Mrs. Crawford Ruthart, and Mrs. Roy Lyles were also hostesses. Their friends will miss them, but wish them success in their new home.

Mr. and Mrs. Tom Cochran sold their property at 2200 Fourth Avenue to Mr. and Mrs. R. A. Smith. The Cochrans have moved to Meca, Arizona, where their daughter, Ira, Mrs. Ira Young, lives. Their two daughters, Ira and Bina, who is Mrs. Joe Wilkinson of Clovis, New Mexico, came to help their parents move. The Cochrans came to Canyon from Santa Ana, more than 50 years ago and it was with regret they left Canyon and their friends here wish them happiness in their new home.

Mr. and Mrs. R. A. Smith have bought the Roy Lyles home at 2513 Seventh Avenue, and have moved in while Mr. and Mrs. Roy Lyles have moved to the old home of the Smith's at 511 Sixth Avenue while they build their new home at 2516 Seventh Avenue.

Mrs. O. W. Parker, Jr., Karen and Craig returned Thursday from visiting Mr. Parker's mother, Mrs. O. W. Parker, Sr., in Independence, Mo., and Mrs. Parker, Sr., returned with them for a visit.

Dr. Jack Walker, Cubmaster of Pack 97, Dens 1, 2, 3 and 4, took the Cubs to the Air Base Saturday morning where they were conducted over the field and buildings by two sergeants and one airman second class. These three men met the Cubs at the gate and conducted them to the jet engine training ramp where they were shown how to start, speed up and stop a jet engine. Each boy was allowed to run the engine of the jet about two minutes. They were taken inside a flying boxcar and shown the controls. These planes have over 250 controls which the pilot has to memorize. They were al-

lowed to sit in the room where the man sits who contacts the tower for landing.

They watched an airplane and a jet plane land, saw a B-47, which is the plane designed to drop the atom bomb and weighs several tons. This plane is too large to take off from the present runway and it is hoped that by next year the runway will be extended to allow this plane to take off from the airport in Amarillo.

The men explained and showed the boys many interesting things about planes after which they were taken to the wash-rooms where they cleaned up and were marched about 3 1/2 blocks to the dining hall where they were served the regular meal of chicken and macaroni soup, meat loaf, peas, milk, bread and butter, tomato and lettuce salad, and ice cream.

Assisting Dr. Walker were Mr. and Mrs. Rex Reeves, Mrs. Cristler Crain, Jack Haley, Mrs. W. C. Bailey, Mrs. Herbert Bruce, Mrs. Richard Coale, and Mr. and Mrs. G. D. Hearne.

The Cubs who went were Richard and Kenny Coale, Jim Bailey and brother, Arthur and Dennis Haley, Billy Walker, Lane Cosby, Rickie Hearne, Reggie Reeves, Jerry Bruce, Claiborn Craigh, Chuck Nester, and Dudley Bayne.

Theme for the Cub Scouts this month is Airplanes and Air Transportation and the airport in Amarillo cooperated completely with Cubmasters and willingly showed these small boys over the field and explained carefully to them the operation of planes. It was a day that will long be remembered by these boys.

"Now therefore, I pray thee, if I have found grace in thy sight, show me now thy way, that I may know thee, that I may find grace in thy sight."—Exodus 33:13.

## Fairview Breezes

We had 60 of an inch of rain Saturday evening and 30 Sunday evening. Hail accompanying the rain did not do much damage.

Rev. Landtroop preached Sunday morning but services were dismissed Sunday evening because of bad weather.

Mrs. E. E. Wesley has been suffering a lot from a back ailment. She was in the hospital five days last week and planned to return Monday morning for further treatment.

E. E. Wesley and daughter, Susie visited in the J. W. Wesley home Friday and Friday night. Mrs. Wesley accompanied them home Saturday morning to visit with the Wesleys and Whitsons until Sunday evening. J. W. Wesley and grandson, Arlen, joined them in Littlefield Sunday. Mrs. Wesley and granddaughter, Susie, returned home with them Sunday. Susie will remain with her grandparents and her brother until her mother is able to be dismissed from the hospital.

Mr. and Mrs. Charles Wilson are the proud parents of a new son, born Monday morning.

Sam Bryan has been in Colorado helping his brother-in-law, Artie Pearson, do some work.

Mrs. J. D. Prosser and sons have been staying in the home of her

grandmother, Mrs. M. F. Evans, caring for her father and grandmother, S. A. Evans and Mrs. M. F. Evans.

Mrs. H. H. Shipman attended a bridal shower in Canyon Friday afternoon.

Mrs. Charles Sutton entertained the Fairview Home Demonstration Club Friday afternoon with nine members present. An interesting meeting was conducted.

Mrs. Theo Wise is home after having spent several weeks in Lovington, N. M.

Mr. and Mrs. Billie Washburn and daughter of Borger visited Friday with Mrs. Serena Bryan.

Uel Wise has been helping Tom Rogers get land ready for irrigation.

Mrs. Thomas Boyd who has been visiting her sister-in-law, Mrs. Woodrow Wesley, has returned to her home in Artesia, N. M.

Mr. and Mrs. W. J. Hassell and daughters of Long Beach, Calif., spent the week-end with Sheriff and Mrs. L. S. Johnston. The men are cousins.

Mrs. Jo Carroll Dutton and children, Mikey, Jo Lynn and Beth, of La Junta, Colo., visited in the home of Mrs. Dutton's parents, Mr. and Mrs. George Barker, over the week-end. Joyce Barker returned to Colorado with her sister to spend the summer. Mrs. Barker's sister, Mrs. J. D. Hollabaugh of Colorado Springs, Colo., also visited here over the week-end.

Mrs. M. E. Cleavinger, Sr., and Mrs. Norman Cleavinger of Dimmitt will leave Friday to attend the golden wedding anniversary of Mr. and Mrs. Thomas Hall. Mr. Hall is the brother of Mrs. M. E. Cleavinger, Sr.

Carl Eugene Hair, who is a member of the Naval Reserve, returned home Sunday after having spent two weeks in training at Treasure Island, Calif.

Mr. and Mrs. Paul Beck of San Antonio arrived Saturday to spend two weeks in the parental Dr. C. A. Pierle home.

Buy, Build, Live in Canyon!

The preacher had just finished a sermon on the duties of wives to mother their husbands.

"I want every woman who will go home and mother her husband to stand up," he cried.

A little woman, who was known to be a trifle deaf, leaped to her feet.

"Ah," cried the preacher, "There is one woman who will mother her husband."

"Mother him?" cried the woman, sitting down promptly, "I thought you said 'smother him'."

Gently, he pushed her quivering shoulders back against the chair. She raised beseeching eyes in which faint hope and fear were struggling. From her parted lips, the breath came in short, wrenching gasps. Reassuringly, he smiled, and leaned forward.

Then with his dental drill, he filled three cavities.

"How do you account for your success as a futuristic painter?" "I always use a model with hiccup."

## Owens-Winters Wedding Ceremony Read in First Presbyterian Church

MRS. ALLEN L. WINTERS

Before a white satin draped altar banked with large baskets of gladioli accented with candelabra, Miss Mary Alliene Owens became the bride of Allen L. Winters on Sunday, June 12, at 4:30 o'clock in the afternoon in the sanctuary of the First Presbyterian Church. The Reverend T. Winston Wilbanks performed the double ring ceremony.

Miss Owens is the daughter of Mr. and Mrs. L. H. Owens and Mr. Winters is the son of Mr. and Mrs. L. W. Winters.

Preceding the ceremony, Mrs. Lee Foster, organist, played "Andante Cantabile" for the Quartet Opus II by Tschaiowsky, "Intermezzo" by Mascagni, and "Jesu, Joy of Man's Desiring" by Bach. "Clair de Lune" by Debussy was played during the exchange of vows.

Candles were lighted to "Adoration" played by Mrs. Foster at the organ and Mrs. J. D. Barker at the piano. The traditional "Bridal Chorus" from "Lohegrin" by Wagner and "Wedding March" by Mendelssohn were also played as duets for the processional and recessional.

Mrs. William R. Wilson accompanied by Mrs. Foster sang "Oh, Promise Me" by DeKoreen preceding the ceremony and "The Lord's Prayer" by Malotte as the benediction.

Miss Billiene Childers attended the bride as maid-of-honor with Miss Sarah Jane Colwell and Mrs. Ted Hefner of Amarillo, sister of the groom, serving as bridesmaids.

The attendants wore identical waltz length dresses of blue embroidered pink organdy over pink taffeta made with cuffed portrait necklines and full skirts. Their matching headbands were of pink pleated tulle trimmed with blue velvet ribbon. Each carried a pink net fan holding sprays of blue carnations.

As flower girl, Jan Crudgington of Claude, cousin of the bride, wore a pink organdy frock. She carried a miniature fan similar to those of the other attendants.

Candles were lighted by Misses Dorothy Neblett and Grace Sheets, dressed in pink embroidered organdy and carrying nosegays of blue carnations centered with tapers.

L. W. Winters, father of the groom, was best man. Groomsman were James F. Owens and Claudell Rankin. Ushers were R. J. Tatman, Jr., and Ted Hefner, both of Amarillo.

The bride, given in marriage by her father, was attired in an eggshell gown of Chantilly lace over slipper satin and tulle designed with a wide round neckline bound in applied lace, long sleeves terminating in points over the hands. The full skirt terminated in a full cathedral train. Her veil of scalloped triple illusion fell to fingertip length from a circlet of lace edged in illusion. She carried a white Bible which has been in the groom's family and a hundred and fifty years. The Bible was topped with a white orchid and showered with stephanotis and white satin streamers.

Mrs. Owens, mother of the bride, wore a dress of pink linen and lace. Her hat was of pink straw with tiny flowers. Her corsage was of white carnations. Mrs. Winters, mother of the bridegroom, wore a blue dress of linen trimmed in lace. Her hat was of matching color and her corsage was pink carnations.

## Baby Crop of 1954 Was Largest in History of Texas

AUSTIN: Texas' 1954 baby crop turned out to be the biggest on record, the State Health Department's Bureau of Vital Statistics reported Thursday.

The 240,209 live births registered for the year was an all-time high rate of 28.4 births for every 1000 population, bureau statisticians said.

Most of the new babies were boys—104 for every 100 girls—the summary said, but 881 more male babies than females died during their first year.

"The attrition against the male sex goes on steadily through infancy, childhood, adolescence, maturity, and old age," a statistician commented.

How many mothers of 1954 babies were residents of Texas at the time of blessed event is not yet known, but every one of the babies are bona fide Lone Star citizens by virtue of state law.

While birth rates were soaring to unprecedented high levels, deaths from selected causes were being cut to the lowest points in history.

"Last year saw the total death rate (7.7 per 1,000 pop.), the infant mortality rate (31.0 per 1,000 live births), the maternal mortality rate (0.6 per 1,000 live births), and the stillbirth ratio (17.3 per 1,000 live births) at new all-time lows," the report indicated.

In addition to the reductions posted in infant and maternal deaths, the report said the past two decades have witnessed drastic reductions in deaths from diseases affecting the general population.

There were 99 percent fewer deaths from each of typhoid fever, diphtheria, malaria, and pellagra last year than in 1934. Scarlet fever rates have been cut by 98 percent from the rate 20 years ago. Ninety-six fewer deaths from each of whooping cough and measles are occurring today than occurred in 1934.

Influenza is claiming 90 percent fewer victims today than it did 20 years ago, while tuberculosis is killing 84 percent fewer people than the 1934 rate. Syphilis rates have been cut 81 percent.

Pneumonia, including pneumonia of the newborn, and intestinal disease, including diarrhea of the newborn, are both 66 percent less of a threat to human life than they were two brief decades ago.

### MRS. R. E. GILL IS HOSTESS TO AMITY CLUB MEETING

On Friday afternoon, June 17, the Amity Club met in the home of Mrs. R. E. Gill for their regular monthly meeting.

Club meeting was opened in regular form with the president, Mrs. W. T. Davis, presiding. Roll call was answered with each member paying some tribute to her father.

Mrs. T. T. Fain told of her trip to the Eastern States to present an interesting program.

Lovely refreshments of sandwiches, Chees-It, ice cream and angel food cake were served to Mesdames Fain, Dowd, Burtz, Cox, Wright, Harden, Lowry, members, and Leach, a visitor, by Mesdames Gill, Wester and Davis, hostesses.

Next meeting will be July 15 with Mrs. Dowd who will be assisted by Mesdames Burtz, Long and Lowry.

### MARINE CORPS MUSEUM

Historic New Hall, built in 1791 in Carpenters' Court near Independence Hall in Philadelphia will be restored as a memorial museum to the Marine Corps, according to an announcement by the Interior Department. The memorial will commemorate the establishment of the Marine Corps in Philadelphia on Nov. 10, 1775, and will be part of Independent National Historical Park.

### STEVENSON IN '56

Disavowals of candidacy by logical opponents appeared to leave Adlai E. Stevenson a clear field for the Democratic Presidential nomination, if he wants it. Among those disclaiming Presidential aspirations are Senators Russell of Georgia, Symington of Missouri and Kefauver of Tennessee.

### INELIGIBLE

Wichita, Kans. — Answering the summons to jury service, Finnis C. Morris, of Capron, Okla., drove 130 miles to Wichita, only to be declared ineligible for Kansas jury duty. Morris, a former Kansas resident, had moved to Oklahoma two years before. He was paid 7 cents a mile for his trouble.

The first indoor rodeo in the world was held in Fort Worth, as a feature of the Southwestern Exposition and Fat Stock Show.

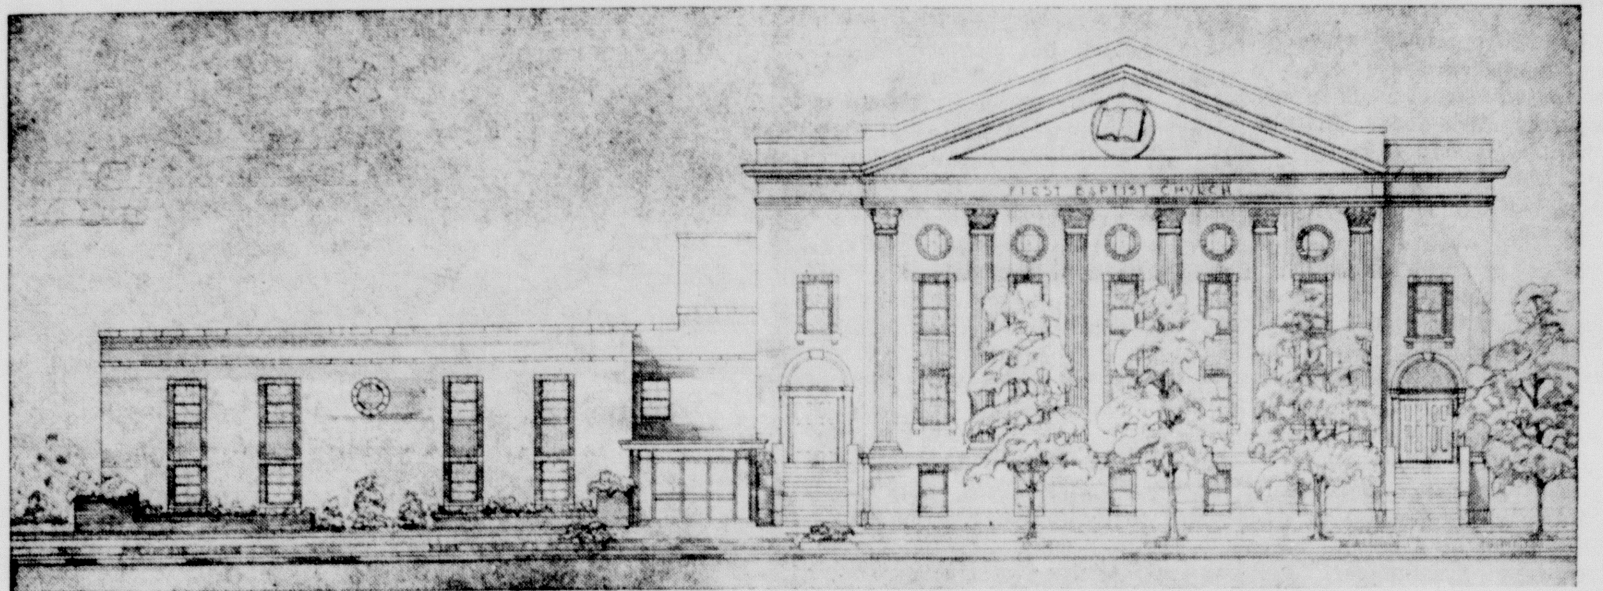

"Nothing except a battle lost can be half so melancholy as a battle won" was said by the Duke of Wellington.

### HOBBY HORSE RUSTLERS

Charleston, S. C. — Proving that there are all kinds of rustlers in the world — this time they pried open a pay-as-you-ride hobby horse in a local store and stole \$150 in dimes.

Benjamin Franklin was the first postmaster of the United States.

## Church Plans Building Addition to Plant

The above is the architect's drawing of the addition now under construction for the First Baptist Church in Canyon. The addition will provide for a model Sunday School addition to the building. The foundation for the new addition has been run to the west of the main sanctuary.

By VERN SANFORD  
Texas Press Association

AUSTIN: A luncheon that didn't happen in the Governor's Mansion on Monday had statewide repercussions. It could affect the fate of Texas' Democratic delegates at the presidential convention next summer.

Democratic National Chairman Paul Butler completed a six-day speaking tour of Texas at Houston. It was billed as an effort to restore harmony between the liberal and conservative Texas Democrats.

Mrs. Hilda Weinert of Seguin, loyalist national committeewoman, joined in inviting Butler to Texas. But she boycotted his numerous banquet meetings because, she said, the loyalist Democratic Advisory Council's chairman, Judge Jim Sewell of Corsicana, took over, and froze out contacts with the conservatives.

Gov. Allan Shivers invited Chairman Butler to a luncheon with state officials at the Mansion, to be held June 20. Butler replied that his schedule was "too tight" but he'd be glad to see Governor Shivers in any city where he was billed to appear.

That angered liberalist John McKelvey of Electra, who had arranged the reconciliation conference of Shivers and Butler in Washington in May. He resigned from the Democratic Advisory Council.

Austin politicians were studying the effect of Butler's speaking tour. Some of them thought there had been considerable "double talk," as Butler's statements could be interpreted to suit any view.

At Waco last week, Butler abandoned the "open door" theme of trying to lure back Democrats who had voted Republican in 1952. He invited the Democratic Advisory Council, his host on the tour, to "organize" the 6,000 Texas precincts with loyal leaders, for next year's showdown.

A significant feature of Butler's tour was that four prospective candidates for governor on the liberal ticket basked in the photographer's flash-bulb limelight.

At Dallas, Supreme Court Associate Justice Will Wilson appeared in his former home city as master of ceremonies at the Butler rally of over 1,000 liberalists.

John C. White, commissioner of Agriculture, sat at the head table. Ralph Yarborough of Austin, strongly rumored as ready for a third try as the governor candidate of the liberals, started out with Butler at Lubbock and showed up at nearly all his meetings.

And Senator Jimmy Phillips of Angleton showed up at a Waco rally for Butler.

Present also were several other Senators who aren't prospective candidates for governor — and half a dozen House members.

Butler's Houston appearance was before the state convention of the Young Democratic Clubs. Virtually all the potential candidates for governor on the liberal ticket showed up there too. White delivered the keynote address at the opening business session and Yarborough also spoke.

### Land Office Flaws

A 95-page audit documenting investigations of irregularities in the Veterans Land Board has been released by State Auditor C. H. Cavness.

Cavness emphasized throughout his report the need for additional field supervisors and investigators who can check continually to prevent irregularities in the \$100,000,000 loan program.

The audit covered the period from Sept. 1, 1951, to Jan. 4, 1955 (the last day Bascom Giles was commissioner of the General Land Office and chairman of the Veterans Land Board).

erans Land Board).

### Land Inquiry Shifts

After winding up its sixth week of investigation before Justice of the Peace Travis Blakeslee in Austin, the court of inquiry into overall operations of the General Land Office moved to Corpus Christi.

Twenty land office geophysical inspectors stationed in Corpus Christi will be questioned there this week.

### Rains Boost Crops

Unusually favorable moisture conditions throughout Texas have brightened the crop outlook considerably, says the U. S. Department of Agriculture.

Feed crops have made good development, according to USDA reports. Corn prospects are especially promising. Cotton prospects are "very promising."

Rains in scattered areas of central, eastern and northern Texas interrupted the harvesting of commercial vegetables, tomatoes in Central Texas and onions in North Texas.

Crops larger than last year are predicted for cantaloupes, onions, potatoes and watermelons.

### Defense Alert

William L. McGill, director of the state's civil defense organization, reports Texas' 1955 "alert" successful and highly realistic. Had it been the real thing, Civil Defense Co-ordinator R. E. Dysart, said there would have been no casualties in Ft. Worth, but more than one-fourth of Houston's population would have been wiped out. Lubbock would have been a victim. El Paso would have been saved. Also Bergstrom Air Force Base near Austin.

High praise was given Nederland and its 5,000 citizens for moving "successfully and smoothly" in a mass evacuation.

### Turnpike Bonds

Biggest issue of "municipal" bonds in Texas history, was sold in Austin at an interest rate fractionally above 1.9 per cent.

Several investment groups joined in buying the \$58,500,000 revenue issue of the Texas Turnpike Authority — first of its kind in Texas — and re-offering them to the public.

The money will build Texas' first toll road, between Dallas and Ft. Worth.

## Umbarger News

Mr. and Mrs. John Brandt had as their guests over the weekend, Mr. and Mrs. Art Weise, from Adel, Iowa. Mrs. Weise and Mrs. Brandt are cousins. Sunday guests in the Brandt home were Mr. and Mrs. Harry Birkenfeld and children, from Nazareth.

The Umbarger Blue Sox defeated the Friona team by a score of 6-5. This was the first defeat for Friona.

Mr. and Mrs. Jack Brandt visited the Matt Albrachts Sunday afternoon.

Mary and Peggy Albracht spent Sunday with Mr. and Mrs. LaVerne Schenck.

Miss Marjorie Tilkinton, from Meade, Kans., is visiting Miss Catherine Koch. The two girls were students at St. Mary's College, Xavier, Kans., the past year.

Sunday afternoon Mr. and Mrs. Paul Artho and family, Mr. and Mrs. Elroy Artho and family, Harvey Artho and family, Elmer Reinart and family, Mrs. Viola Warren and family, Mr. and Mrs. Gene Fangman and family, Mr. and Mrs. Leo Artho and family, Mr. and Mrs. John Wieck and family, Joe Artho and Miss Theresa Batenhorst went picnicking in Thompson Park in Amarillo.

Mrs. Bill Gerber, Amarillo, visited several days last week with the W. P. Janssens.

Guests for a buffet supper in the J. G. Batenhorst home Sunday evening were the Raymond Batenhorsts, Leonard Batenhorsts, Sylvester Batenhorsts, E. N. Reinarts, Werner Henschels, Jack Vorwalds, Dennis Brandts, and Vincent Friemels.

Stuart and Boyd Raef, Vega, were guests of Mike and Don Raef the past week. Mr. and Mrs. L. L. Raef and family returned them to

Vega Sunday and had supper with the Edward Raefs.

Hattie Caraway was the first woman elected to the United States Senate.

Glenn Curtiss was the first American issued an aviation pilot's license.

Steel output in May set 2-year high record.

## Latest Rumors From Political Front of Nation

President Eisenhower, when he goes to Europe in July, plans to make at least two major addresses, one possibly in Great Britain, which will be designed to correct many of the wrong impressions about the United States that prevail in Europe.

A personal invitation has come to Ike to address the British people while in England, utilizing the full facilities of radio and television.

Sherman Adams, staff chief to the President, is being credited with issuing an order that White House aides no longer are to discuss the subject of a second term for President Eisenhower. Just prior to that order, some important aides to the President were predicting confidently, in private, that Mr. Eisenhower would accept a draft.

Ike is being advised that, in the give and take of repartee while a "draft-Eisenhower" move is shaping, he should do or say nothing that would give an impression which would picture the Presidency as anything other than the most honored position any man could hold.

Harold Stassen, the President's aide, in charge of disarmament plans, is being talked about by Republican leaders for No. 2 place on an Eisenhower ticket in 1956 if, for any reason, the rivalry between William Knowland and Richard Nixon in California makes a change in the present team seem wise politically.

Clare Boothe Luce, Ambassador to Italy, has made it clear to friends that she is not interested in a Cabinet job as Secretary of Health, Education and Welfare when that job is given up by Oveta Culp Hobby. The President is continuing to look for a woman, rather than a man, to fill that Cabinet post.

Lyndon Johnson, Texas Senator and Senate Democratic Leader, is under increasing fire from the New Deal wing of the party for not taking a more aggressive stand in Congress against the Eisenhower policies. Older heads in the party, however, counsel the wisdom of shaping a course designed primarily to preserve Democratic control of Congress after 1956.

New Deal Democrats are pictured by conservative Democrats to be somewhat at a loss to name the issue that in 1956 can beat the one of "peace and prosperity" to be offered to voters by the Republicans.

Richard Nixon, Vice President, missed his signals when he pictured the coming conference of Eisenhower with Eden, Bulganin and Faure as civilization's last chance to avoid nuclear war. The official White House line is that this meeting is really to be routine and that it may take a generation of talks before world problems get resolved.

This story is being told of Russia's Nikolai Bulganin in Yugoslavia: Bulganin, just before going to Yugoslavia, bought cloth in Moscow to be made into a coat and a pair of pants. There wasn't time to have the suit made in Russia, so he took the cloth to a Yugoslav tailor in Belgrade. The tailor told the Russian Premier he could make him a coat and two pairs of pants. Surprised, Bulganin asked how this tailor could make two pairs of pants when in Moscow it could only be one pair. Said the tailor: "It must be because you are not quite as big a man as you were when you left Moscow."

Nikita Khrushchev, Russia's No. 1 man, now is labeled abroad as an individual who both drinks and talks too much. High officials in other countries are beginning to predict a short life for him.

If Communist China continues to behave, there may be some relaxing of barriers to shipment of American goods to that country. Some high Administration officials are giving hints to that effect to reporters.

V. K. Krishna Menon, India's undercover man, is not fooling the White House, where his maneuvering around the world is regarded with the deepest suspicion. Menon has a long reputation of working to help the Communist countries in their opposition to the U. S.

Neutrals in South Asia are finding that it takes a lot of traveling to maintain "neutrality." Premier U Nu of Burma, a visitor to Peiping, now is on his way to U. S. for a state visit. Premier Ali Sastroamidjojo of Indonesia, just back in his country from a visit to Communist China, is anxious to get an invitation to visit U. S., too.

**U. S. CHECK BOUNCES**  
Los Angeles. — Edward Saver was greatly surprised when a Government check for \$37.50 he had received bounced. It seems somebody in the U. S. Treasury Department had neglected to sign it.

### AIR CONDITIONING

In the metropolitan Washington area, the Federal Government has 48,800 feet of office space. Of this, about half, or 24,200,000 sq. ft. are air-conditioned. These figures do not include the White House which has its own air-conditioning unit or the Capital, Senate and House Office buildings, or Supreme Court building—but these are all air-conditioned.

### SPECULATION

A bipartisan majority of the Senate Banking and Currency Committee joined in a report that there had been an "increase in unhealthy speculative developments in the stock market since the Fall of 1954." A Republican minority of four Senators countered, however, by charging that "the friendly study" actually was a "studied attempt to disturb the economy."

### TEETH IN WASTE BASKET

Oklahoma City, Okla.—Seeing a pupil struggling with a piece of candy, Mrs. Loretta Bonner, a teacher, told the boy to either swallow the candy or toss it in the wastepaper basket. The boy told her the candy was stuck in his teeth. Jokingly, Mrs. Bonner told the youngster to "toss your teeth in the basket with the candy." The boy complied, to her surprise, throwing candy and teeth into the trash basket—he had a full upper plate.

### TREES ACCUMULATE ALUMINUM

Canberra, Australia. — Researchers here have discovered that certain trees in rain-forest areas of Australia and New Guinea accumulate aluminum in the form of compounds, hard white masses in the timber and in the bark and leaves, apparently absorbing it from the soil. Trees in the dry inland areas do not contain these compounds.

### 'BIGGEST' CRUSADE

Glasgow, Scotland. — The six-week Scottish crusade by Evangelist Billy Graham was described as the largest evangelical event in history. Television and telephonic hookups swelled the total audience to 2,547,365. At the last meeting, held at Hampden Park Stadium, more than 100,000 persons were present. A total of 52,253 persons made "decisions for Christ" during the campaign, it is reported.

### EXAMINED AT 104 FOR FLIGHT

Tacoma, Wash. — Benjamin A. Trimble went to a doctor's office for his first physical examination in 44 years — not because he thought he needed one but because he wanted to be sure he was in condition, at 104, to fly in an airplane. Before the aged Negro went to the doctor's office, however, he chopped his day's supply of wood, just as he has done for years.

### POOR CASEY

Murphy: "What's that hump on your chest, Pat?"  
Pat (in a whisper): "Dynamite. I'm waitin' for Casey. Every time he meets me he slaps me on the chest and breaks me pipe. Next time he does it, he'll blow his hand off."

### U. S. MILITARY CAPABILITY

Secretary of Defense Charles E. Wilson recently issued a formal statement that said the United States was maintaining "a military capability superior to that of any potential enemy." With the Senate demanding a reappraisal of American air power, the statement, perhaps significantly, claimed an air power "lead" rather than "superiority."

### "EXPANSIONARY MOVEMENT"

Further rises in retail trade, non-agricultural employment, industrial production and construction during April led the Department of Commerce to predict recently a "continuation of the expansionary movement."

### CONSCIENCE MONEY

Charlotte, N. C. — The Internal Revenue Office here recently received a letter which read: "I owe you \$300 and I haven't been able to sleep. I am enclosing \$100. If I can't get any sleep after this, I'll pay the balance next week."

You Bet Your Life!

Folks, this is Groucho talking. What I have to say is no joke. A lot of us are often confused these days by conflicting speeches from behind the Iron Curtain. At times, Kremlin spokesmen talk about the entirely peaceful intentions of the Soviet people. But at other times, Kremlin masters boast that the Red Air Force can destroy us at will with atomic and hydrogen bombs. And maybe that's no joke either.

Certainly if an attack ever comes we must have warning. We know our military forces

are on guard twenty-four hours a day and that we have radar. But many do not realize that radar is not always reliable under all conditions. Fortunately there is something important that every citizen can do about this dangerous situation. *You bet your life!* You can take your turn in an observation post or an air defense filter center along with thousands of patriotic citizens already serving in the Ground Observer Corps. The Air Force needs you! The Air Force wants you! Volunteer today!

## Regan-Reynolds Wedding Rites Read in Reynolds Home Sunday

MR. AND MRS. JAMES REYNOLDS

Miss Glenna Regan, daughter of Mrs. W. E. Regan of Tulia, became the bride of James Reynolds, son of Mr. and Mrs. W. T. Reynolds, on Sunday, June 12.

Wedding rites were read in the Reynolds home at 2 o'clock in the afternoon. The improvised altar was in front of a beautifully decorated picture window. White and blue daisies combined with white stock arranged among giant ferns and accented with branched candelabra with tall tapers made an attractive background for the impressive service.

Miss Johnnie Davis of Pecos, the bride's only attendant, wore a blue lace and net gown and a corsage of white carnations.

Garland Wade of Tulia was best man.

Given in marriage by her brother-in-law, George Schaeffer, the bride was lovely in a dress of white nylon lace over satin. Her headdress was an unusual arrangement of satin and lace matching her dress. She carried out the traditional theme of wearing something old, new, borrowed and blue.

Mrs. Reynolds, mother of the groom, wore a blue linen dress with black accessories and a corsage of pink rosebuds.

Immediately after the ceremony the bridal couple was feted with a reception.

A white lace cloth over blue satin draped the serving table. The three-tiered wedding cake topped with a miniature bride and groom was served with punch, mints and nuts.

After a wedding trip to points in New Mexico the couple will be at home at 410 North Armstrong, Tulia.

Out of town guests at the wedding included W. F. Weaver, grandfather of the groom, and Mr. and Mrs. Wayne Wilcox of Weber Falls, Okla.; Mr. and Mrs. Frances Cox

of Checotah, Okla.; Mr. and Mrs. Paul J. Brown of Dumas; Mrs. Wayne Simpson of Oklahoma City; Mr. and Mrs. Bobby Samman of Plainview; Mr. and Mrs. Robert Regan of Quitaque; Mr. and Mrs. George Schaeffer of Tulia.

## Social Security Make Report in Funds Distributed

In Randall County at the end of last year 75 retired workers were receiving \$3,642 in monthly social security payments, according to figures just released by John R. Sanderson, district manager of the Social Security Office in Amarillo.

In addition to the retired workers themselves, 60 people were receiving \$1,981 a month as dependents of the retired workers or as survivors of deceased workers.

Although this is a considerable increase as compared with payments a year ago, it is certain that more people will receive larger payments in years to come because of changes in the Social Security law in 1954, Sanderson says. Among the major changes were the following:

1. Computation of payments after "dropping out" up to 5 years of lowest social security covered earnings.
2. Extension of social security coverage to more farm workers and to self-employed farmers, as well as many other kinds of work.
3. Increasing of the maximum wages creditable toward benefits from \$3,600 to \$4,200.
4. Allowing disabled workers to "freeze" their social security wage records while disabled.
5. Increasing the amount of earnings which a retired worker can receive and still get all or a part of his retirement payments. (There is no restriction on earnings after a worker is 72 years old).

### WHAT NEXT?

Some weeks after receiving \$800 compensation for the loss of her jewelry an elderly woman informed her insurance representatives that she had found the missing property in a cupboard.

"I didn't think it would be fair to keep both the jewels and the money, so I thought you would be pleased to know that I have sent the \$800 to the Red Cross," she wrote.

Armadillos are always triplets and each set is either all male or all female.

August was named after Augustus Caesar.

## I GIVE YOU TEXAS

By BOYCE HOUSE

It was from the fall of 1917 until the spring of 1921 that the great Eastland County oil boom took place. It is amazing that, so many years later, new pools are still being discovered in the county, bringing a flow of wealth to landowners and operators.

A few years ago, when I was visiting in Eastland, they told me about A. V. Clark, a veteran cable-tool driller who had taken part in the big boom. He decided to retire from the hard work on the derrick floor, so he bought a tract of some 250 acres, a few miles west of town, and began to raise registered cattle. Then the Briggs Owen pool was discovered and the Clark land was tested and, at that time, there were five producing wells—one of which flowed at the rate of 776 barrels a day through a half-inch choke. Had the flow been wide open, as in the boom days, the well doubtless would have been as big as some of the biggest of those times.

Also they told me about J. W. Courtney, who had run a picture show in Mineral Wells for a long time and decided to retire to the country. So, in 1944, he found a place to his liking near Eastland and soon, with the aid of a son back from the Army, he had a sizeable bunch of cattle on the 1,300 acres. And then oil was struck on the place, making a dramatic success story as exciting as the old-time flickers he used to show in his first movie house in Weatherford, away back in 1912, in an old church house, by the way! (The congregation had sold it after building a new edifice.)

Some time ago your columnist had the pleasure of making his first speech in New Mexico, at Albuquerque, and at the head table were the governor and a United States Senator.

I had felt a long way from home on arrival but was hailed from across the street by Al Purvis, an Albuquerque business man, who played on the Cisco High School football team when I was a sports writer. And I had hardly checked in at the hotel before H. G. Vermillion, former Eastland editor, called; he is in public relations work in Albuquerque.

You find Texas folks everywhere.

Help Keep Canyon Clean!

## FREEDOM AND LIBERTY

In giving freedom to the slave, we assure freedom to the free. —Abraham Lincoln.

When the press is gagged, liberty is besieged.

I believe in freedom — social, economical, domestic, political, mental and spiritual. —Elbert Hubbard.

The inescapable price of liberty is an ability to preserve it from destruction. — General Douglas MacArthur.

Liberty is the only thing you cannot have unless you are willing to give it to others. —William Allen White.

God grants liberty only to those who love it, and are always ready to guard and defend it. —Daniel Webster.

### DIFFERENCE

"Did you enjoy your dinner, sir?" asked the solicitous restaurant proprietor.

"Yes, except the dessert. That was terrible."

"Did you have the plum tart or lemon pie?"

"I don't know. It tasted like glue!"

"Ah! It was the plum tart. The lemon pie tastes like paste."

### OUR YOUNGSTERS

Little Ebby, who had a talent for getting into mischief, ran into the kitchen with a brighter-than-usual gleam in her eyes.

"Mommy," she announced importantly, "I gave the kitty a bath."

"But what towel did you use?" her mother asked anxiously.

"I didn't use any," she answered, "I just wrung him out."

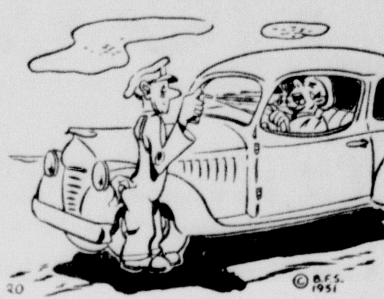

### BOY, 3, LIKES SNAKES

Washington, D. C. — Receiving an urgent radio message, "Investigate a snake in a house," Police-man Adam J. Ekes and his partner, Elton L. Sieh, found the culprit behind the screen door. It was a brown garter snake just about a foot long. Ekes put the snake in his patrol car and took it to his three-year-old son, who likes snakes as playmates.

The House Post Office and Civil Service Committee voted unanimously for the Senate-approved bill providing an average 8 percent pay rise for 500,000 postal workers.

The Senate passed the Administration's \$3,530,000,000 foreign aid program after rejecting a series of restrictive amendments.

### JUST THE PLACE

"Found a new house yet?"  
"We've stopped looking. After reading the appraiser's description of the one we have, it seemed to be just the place we were looking for."

## VACATION TIME is almost here

Let us prepare your car for the occasion.

To assure you of a care-free trip — and for the summer drives, we will check your brakes, points, fan belt, pack front wheels, check exhaust system, radiator and tune motor.

We will give your car the attention as if it was our own — all this for a VERY REASONABLE AMOUNT.

CALL US OR COME IN

Automatic equipment for delivering fresh, cool, clean, running water to the point of consumption is your greatest asset for keeping your poultry enterprise in the money making column. This fact is proven by two successful poultry raisers in Randall County, Texas.

Mr. Glenn Laing who raises 5,000 broilers under one roof at the same time uses an electric pump to deliver fresh, clean water to the broilers. "Chickens grow faster when they have plenty of water and rapid growth is a 'must' for the broiler raiser," says Mr. Laing.

Mr. Harry Widick, a neighbor of Mr. Laing's in Randall County has over 500 laying hens in cages. He maintains a flock average of 80% production and he contributes this

Electricity contributes to high production. Left, Mr. Harry Widick carefully checks production of his hens.

More than one-half of the bird's body and over two-thirds of the egg is water. Tests prove that 400 birds drinking 178 pounds of water daily laid 54 more eggs per hen than those that drank under 130 pounds of water daily. At least two parts water for each one part of feed consumed is required for proper digestion.

Below, Mr. Glenn Laing observes automatic feeding and watering system in his 5,000 chick broiler house.

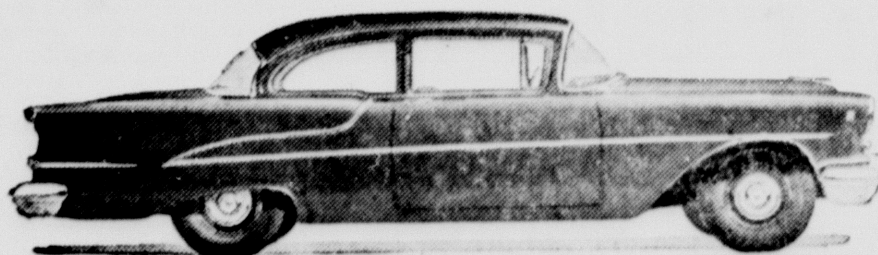

Get out of the ordinary...

GET INTO AN OLDS!

### A "ROCKET" FOR EVERY POCKET!

And you'll find one priced just right for you! Choose from thirteen gorgeous models in Oldsmobile's three thrilling series . . . luxurious Ninety-Eight, the brilliant Super "88" and the budget-priced "88"! Oldsmobile "88" 2-Door Sedan illustrated.
